BUSHING FULL LENGTH ULTRA MICROMETER DIE SET SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Bushing Full Length Ultra Micrometer Die Set from Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your die set. Please read and follow these instructions carefully to maximize safety and performance.

General Safety Guidelines

- Always ensure the die set is used in accordance with the manufacturer's instructions.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any signs of damage before use. Do not use if damaged.
- Use only compatible cartridges as specified by the manufacturer.
- Maintain a clean and organized workspace to minimize hazards.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the die set.
- Ensure proper ventilation in your workspace to avoid inhalation of any particles or fumes.

Specific Safety Precautions for Use

- **Cartridge Safety:** Ensure you are using the die set specifically designed for the 300 PRC cartridge to prevent accidents.
- **Handling:** Always handle the die set with care to avoid injury. Use tools as instructed to prevent pinching or cutting.
- **Storage:** Store the die set in a secure location, preferably in the Deluxe Die Box provided, when not in use.
- **Environmental Conditions:** Avoid using the die set in wet or damp conditions to prevent rust and corrosion.
- **Distraction:** Avoid distractions while using the die set to maintain focus and prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Carefully remove the die set from the packaging.
- Install the FullLength Bushing Die into the reloading press according to the manufacturer's instructions.
- Adjust the die as necessary for your specific needs, following the guidelines provided in the product manual.

2. Usage:

- Follow the stepbystep instructions provided with the die set for reloading the 300 PRC cartridge.
- Always doublecheck that the die is properly adjusted before starting the reloading process.
- Monitor the reloading process closely, ensuring that no obstructions or malfunctions occur.
- After use, clean the die set to maintain its functionality and prevent buildup of debris.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the die set becomes damaged beyond repair, dispose of it responsibly. Check local regulations for proper disposal of metal and plastic components.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Bushing Full Length Ultra Micrometer Die Set, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Bushing Full Length Ultra Micrometer Die Set. Thank you for your attention to safety, and happy reloading!
