

CREMATOR PORTED WATERFOWL CHOKE TUBES FOR BENELLI CRIO/CRIO PLUS - CARLSONS CREMATOR PORTED CHOKE TUBE 12 GA BENELLI CRIO/CRIO PLUS BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's Cremator® Choke Tubes feature our brand new Triple Shot Technology (TST) and is offered in close mid and long range constrictions. TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. This design offers reduced pellet deformation, less flyers and more dense patterns. These benefits make the Cremator® Series extremely effective on all types of waterfowl throughout the entire season.

Attributes

- Name: [CARLSONS CREMATOR PORTED CHOKE TUBE 12 GA BENELLI CRIO/CRIO PLUS BLK](#)

Safety Instruction Guide for Carlson's Cremator Ported Waterfowl Choke Tubes

Introduction

Thank you for choosing Carlson's Cremator Ported Waterfowl Choke Tubes for your Benelli Crio/Crio Plus shotgun. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the choke tube is compatible with your shotgun model.
- Inspect the choke tube for any signs of damage or wear before use.
- Use only approved ammunition that is suitable for your choke tube and shotgun.
- Never modify the choke tube or attempt to repair it; this may compromise safety.
- Store the choke tube in a dry, cool place away from direct sunlight.
- Keep the choke tube out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction or injury.
 - Using incorrect ammunition can cause excessive pressure and damage.
 - Firing without a choke tube installed may result in injury or damage to the shotgun.
- **Avoiding Hazards:**
 - Always follow the manufacturer's installation instructions.
 - Ensure that the choke tube is securely tightened before use.
 - Regularly check for signs of wear or damage, especially after heavy use.
 - Use protective eyewear and hearing protection when shooting.

Instructions for Installation and Usage

1. Installation:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Use a choke tube wrench to remove the existing choke tube (if any).
- Clean the threads of the choke tube and the shotgun barrel.
- Align the threads of the Cremator choke tube with the barrel and handtighten.
- Use the choke tube wrench to securely tighten the choke tube without overtightening.
- Confirm that the choke tube is properly installed by checking for stability.

2. Usage:

- Load your shotgun with compatible ammunition.
- Always aim in a safe direction and be aware of your surroundings.
- Fire the shotgun while maintaining a firm grip and proper stance.
- After firing, inspect the choke tube for any signs of damage or deformation.

Disposal Instructions

- Dispose of the choke tube responsibly. Do not discard in regular household waste.
- Check local regulations for proper disposal methods of firearm accessories.
- If the choke tube is damaged or no longer in use, consider recycling options if available.

Contact Information for Further Support

For any questions or concerns regarding the use of Carlson's Cremator Ported Waterfowl Choke Tubes, please contact the manufacturer through the appropriate channels. Ensure you have your product details and any relevant information ready for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Carlson's Cremator Ported Waterfowl Choke Tubes. Always prioritize safety and consult this guide whenever needed. Thank you for your attention to safety and responsible usage.
