Safety Instruction Guide for FLUSH MOUNT REPLACEMENT FOR REMINGTON CHOKE TUBES CARLSONS FLUSH MOUNT 20 GA IMPROVED CYLINDER FOR REMINGTON SS

Introduction

Thank you for choosing the FLUSH MOUNT REPLACEMENT FOR REMINGTON CHOKE TUBES manufactured by Carlson's. This product is designed to enhance the performance of your Remington shotgun while ensuring safety during usage. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the choke tubes.
- Only use the choke tubes with compatible Remington shotguns.
- Regularly inspect the choke tubes for any signs of wear or damage before each use.
- Use only approved types of ammunition as specified in the product description.
- Keep the choke tubes out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when shooting.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- Do not use steel shot larger than #BB or speeds exceeding 1550 fps in choke tubes tighter than full.
- Avoid using steel shot larger than #4 in Turkey Choke Tubes.
- Ensure that the choke tubes are properly installed before firing.
- Do not attempt to modify or repair the choke tubes yourself.
- If you experience any malfunctions or unusual behavior while using the choke tubes, stop using them immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation of Choke Tubes

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Remove the existing choke tube from the shotgun using a choke wrench.
- Clean the threads of the choke tube and the shotgun barrel to ensure a proper fit.
- Insert the new Carlson's choke tube into the barrel and handtighten it.
- Use the choke wrench to securely tighten the choke tube, but do not overtighten.

2. Usage of Choke Tubes

- Load your shotgun with the appropriate ammunition as specified.
- Ensure that the choke tube is securely installed before firing.
- Stand in a safe shooting position, ensuring that the area is clear of people and obstacles.
- Fire the shotgun as per standard shooting practices.
- After use, allow the shotgun and choke tube to cool before handling.

Disposal Instructions

- Dispose of any damaged or worn choke tubes responsibly.
- Follow local regulations regarding the disposal of metal products.
- If the product is no longer usable, consider recycling it or contacting a local waste management facility for guidance.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage, please refer to the product's manufacturer or authorized dealer. It is important to have access to knowledgeable support for any concerns you may have regarding this product.

By following these safety instructions, you will help ensure a safe and enjoyable shooting experience with your FLUSH MOUNT REPLACEMENT FOR REMINGTON CHOKE TUBES. Always prioritize safety and responsible usage. Thank you for choosing Carlson's products.
