

COLLET NECK SIZER DIES - LEE PRECISION 6.5 PRC COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

COLLET NECK SIZER DIES LEE PRECISION 6.5 PRC

Safety Instructions

Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual thoroughly before use to ensure a safe reloading experience.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep the reloading area out of reach of children and unauthorized individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Be aware of the specific characteristics of the 6.5 PRC cartridge and follow all relevant reloading guidelines.
- Regularly check for any recalls or safety notices related to your reloading equipment.

Specific Safety Precautions for Use

- Avoid using excessive force when operating the die to prevent damage to the equipment and ensure accurate results.
- Always inspect cases for defects or damage before resizing. Do not use damaged cases.
- Ensure that the die is properly adjusted before use to avoid incorrect resizing.
- Do not attempt to modify or alter the die in any way.
- Store the die in a safe, dry place when not in use to prevent corrosion and damage.
- Follow the manufacturer's recommendations for maintenance and cleaning of the die.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Clean the die threads and apply a small amount of lubricant if necessary.
- Thread the collet neck sizer die into the reloading press until snug. Do not overtighten.
- Adjust the die to the desired position according to the manufacturer's instructions.

2. Usage:

- Place an inspected and clean case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the die.
- Gradually lower the ram while applying even pressure to resize the case neck.
- After resizing, remove the case and inspect it for proper fit and appearance.
- Repeat the process for all cases to be resized.

Disposal Instructions

- Dispose of any defective or unusable components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any inquiries or assistance regarding the Lee Precision Collet Neck Sizer Die, please refer to the manufacturer's website or contact their customer service for support.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with the Lee Precision Collet Neck Sizer Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing Lee Precision for your reloading needs.
