

PACESETTER HANDGUN 2-DIE SETS - LEE PRECISION 4.6X30 FULL LENGTH SIZING DIE 2-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee 22 Steel 2-Die Set. Includes Full Length Sizing Die, Bullet Seating Die, Universal Shell Holder, and Instructions/Load data. If you wish to utilize a Lee Pro Auto-Disk or Auto-Drum Powder Measure with this die set, you will need to purchase the short charging die # 90668. If you intend to load 22 TCM 9R ammunition, you will need to have a custom bullet seating plug made and mail in a sample 9R bullet along with your bullet seating die for adjustment.

PACESETTER HANDGUN 2DIE SETS LEE PRECISION 4.6X30 FULL LENGTH SIZING DIE 2DIE SET Safety Instructions

Introduction

Thank you for choosing the PACESETTER HANDGUN 2DIE SETS by Lee Precision. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or defects before use.
- Use the product only for its intended purpose, which is to reload ammunition.
- Ensure a wellventilated workspace when reloading ammunition to avoid inhalation of dust or fumes.
- Wear appropriate safety gear, including safety glasses and gloves, to protect against potential hazards.
- Be aware of your surroundings and ensure that your workspace is free from distractions.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with the ammunition you intend to reload (4.6 x 30mm).
- When using the bullet seating die, ensure that you have the correct bullet seating plug for your specific bullet type.
- If loading 22 TCM 9R ammunition, remember to mail in a sample bullet for adjustment of the seating plug.
- Use the short charging die # 90668 if using a Lee Pro AutoDisk or AutoDrum Powder Measure.
- Always doublecheck that the die is securely mounted in your reloading press before use.
- Never exceed the recommended load data when reloading ammunition.
- Store the die set in a dry, cool place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation of the Dies:

- Ensure your reloading press is clean and properly set up.
- Insert the Full Length Sizing Die into the press and secure it tightly.
- Insert the Bullet Seating Die into the press and secure it tightly.
- Attach the Universal Shell Holder to the press.

2. Reloading Process:

- Start by resizing the brass cases using the Full Length Sizing Die. Follow the press instructions for proper operation.
- After resizing, clean the cases to remove any debris.
- Measure the powder charge using your powder measure, ensuring it matches the load data.
- Fill the resized cases with the measured powder charge.
- Place the bullet on top of the charged case and use the Bullet Seating Die to seat the bullet to the desired depth.

3. Final Checks:

- Inspect each cartridge for proper seating and powder levels.
- Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding your PACESETTER HANDGUN 2DIE SETS, please refer to the manufacturer's contact information provided with the product.

Thank you for prioritizing safety while using the PACESETTER HANDGUN 2DIE SETS. Your attention to these guidelines will help ensure a safe and enjoyable reloading experience.
