

# EXTENDED SLIDE CATCH LEVER FOR SIG SAUER® P365 - TYRANT CNC EXTENDED SLIDE CATCH LEVER FOR SIG SAUER P365 GOLD

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Introducing the first-ever Sig Sauer 365 Extended Slide Catch to be CNC Machined! Made from stainless steel and finished in PVD their drop-in replacement Sig Sauer slide catch lever is the perfect upgrade for your pistol. Having issues returning your slide forward when loaded OR even when no magazine is present? Tyrant has made slight geometry changes that now allow the slide catch to also function as a slide release (no slide release function on empty magazines). This means no more needing to use both thumbs and no more needing to manipulate the slide by hand in order to return to battery! Their Sig Sauer 365 extended slide catch/release adds surface area and a raised texture that greatly improves usability for all! It is the perfect upgrade for conceal carry AND competition. Never again will your thumb slip while manipulating your Sig Sauer slide release! What is it? This drop-in replacement Sig Sauer P365 extended slide catch/release lever has a surface area extended over the OEM size. Why use it? One of the main flaws of the Sig Sauer Factory release lever is that it is extremely difficult to manipulate with one thumb/hand. This results in the operator occasionally slipping when attempting to manipulate the lever, or simply failing to put the firearm into battery. Their Sig P365 slide catch/release lever offers an extended AND raised surface area to ensure easy manipulation of the Sig Sauer slide. It is easy to install, functions great, and looks fantastic! Fits all post 2019 P365 variants Platform: Sig-Sauer Designed For Models; P365 Fitment Notes Uses existing OEM spring All post 2019 Sig Sauer P365 platform variants (May not be compatible 2019 and earlier FCU's) Works on new 365 Macro Fits on California compliant versions Component: Extended Slide Release

## Attributes

- Name: [TYRANT CNC EXTENDED SLIDE CATCH LEVER FOR SIG SAUER P365 GOLD](#)
- Manufacturer: [TYRANT CNC](#)
- Product no.: 430109520

# Safety Instruction Guide for EXTENDED SLIDE CATCH LEVER FOR SIG SAUER® P365

## Introduction

Thank you for purchasing the EXTENDED SLIDE CATCH LEVER FOR SIG SAUER® P365 by TYRANT CNC. This product is designed to enhance the functionality of your Sig Sauer P365 pistol. Please read this safety instruction guide carefully to ensure the safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is installed correctly to avoid any malfunctions.
- Always handle firearms with care and follow standard safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before installation, ensure that your firearm is unloaded and the safety is engaged.
- Avoid using the slide catch lever if you notice any signs of damage or malfunction.
- Do not attempt to modify the extended slide catch lever in any way.
- Always be aware of your surroundings when handling your firearm.
- Do not use the slide catch lever with incompatible models or older versions.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure the firearm is unloaded. Remove the magazine and check the chamber.
2. **Remove the OEM Slide Catch:** Using the appropriate tools, carefully remove the original slide catch lever from your Sig Sauer P365.
3. **Install the Extended Slide Catch Lever:** Align the new extended slide catch lever with the existing mounting points. Ensure it is seated properly.
4. **Secure the Lever:** Tighten any screws or fasteners as necessary to secure the lever in place.
5. **Test Functionality:** After installation, test the slide catch lever to ensure it operates smoothly. Check for proper engagement and release.

### Usage Instructions

- To engage the slide catch, press the lever with your thumb while the slide is in the rear position.
- To release the slide, ensure the firearm is loaded or that the magazine is inserted, then press the lever to allow the slide to move forward.
- Practice using the slide catch lever in a safe environment to become familiar with its operation.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and firearm accessories.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible, as it is made from stainless steel.

## **Contact Information for Further Support**

For any inquiries or support regarding the EXTENDED SLIDE CATCH LEVER FOR SIG SAUER® P365, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. Enjoy your enhanced shooting experience with the EXTENDED SLIDE CATCH LEVER FOR SIG SAUER® P365!
