

# BRN16A2 20" UPPER W/COLT AR-15 4x21MM - BROWNELLS BRN-16A2 5.56X45 NATO 20" BBL UPPER RECEIVER W/COLT 4X21MM

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Upper Receivers](#)

The BRN16A2 features the correct components you're seeking in a M16A2 build. The forged upper receiver itself is the classic M16A2 style, with the robust and incredibly adjustable A2 rear sight assembly. The elevation drum can be adjusted from 300 to 800 meters (zero at 25m for 300m). This upper receiver does not have M4 feed ramps, just like the original A2. The included bolt carrier group has a phosphate finish with chrome bore and gas key interior. With the classic 20 inch Government profile 5.56x45mm NATO barrel, the BRN-16A2 has an instantly recognizable appearance. The 20 inch barrel has a chrome bore and chamber, with 1-7 twist, perfect for M855 62 grain or heavier bullets. The muzzle is capped by the great performing M16A2 flash hider. The non-"F" Marked front sight base has the correct A2 square post, bayonet lug, sling swivel and triangle handguard cap. USGI barrel nut will accept many off the shelf handguards, making the upper future proof for upgrades. The included M16A2 style handguards feature the standard heat shield and replicate the look and feel of the original A2 handguards. Key features of the BRN-16A2: All new production, no surplus parts M16A2 Upper Receiver A2 USGI Rear Sight Assembly 20" 5.56x45mm NATO barrel with 1-7 twist & chrome bore and chamber Mil-spec bolt carrier group with phosphate exterior and chrome interior We actually tracked down the original company that manufactured the Colt® AR-15 optics of the 1970s and asked them to build a new one for us as close to the original as possible - right down the yellow inspection stickers. The Retro 4x Optic has updated technology under the hood, with modern lenses and construction. The result is a scope that looks just like the original but has optical clarity and performance that are head and shoulders above it. Attaches to any standard AR-15/M16 carry handle Fully Multicoated lenses are fog and waterproof BDC click-adjustable elevation turret Manufactured in Japan with high quality internals and lenses The Retro 4x Carry Handle Optic sports a simple, intuitive fine duplex reticle, like the original, and an elevation turret with BDC (ballistic drop compensated) clicks that closely match modern .223/5.56 55gr and 62gr ammo. As its name indicates, the Retro 4x comes with an integral carry handle mount that easily attaches to most AR-15 carry handles - no tools required. As with all products we sell, this scope is fully backed by our Forever Guarantee.

# Safety Instruction Guide for BRN16A2 20" Upper Receiver with Colt AR15 4x21MM

## Introduction

Thank you for choosing the BRN16A2 20" Upper Receiver with Colt AR15 4x21MM. This product is designed for safe and effective use, providing you with a reliable upper receiver for your M16A2 build. Please read this safety instruction guide carefully to ensure proper handling, installation, and maintenance of the product while adhering to the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure all local laws and regulations regarding firearm ownership and usage are followed.
- Always treat the upper receiver as if it is loaded, even when you believe it is not.
- Keep the upper receiver and all firearm components out of reach of children and unauthorized users.
- Inspect the upper receiver regularly for any signs of wear or damage.
- Use only compatible parts and accessories to avoid malfunctions or safety hazards.
- Always wear appropriate eye and ear protection when using firearms.
- Report any accidents or unsafe products to the appropriate authorities.

## Specific Safety Precautions for Use

- **Firearm Compatibility:** Ensure that the BRN16A2 upper receiver is compatible with your lower receiver before installation.
- **Installation:** Follow the installation instructions carefully to avoid improper assembly which may lead to malfunction.
- **Ammunition:** Use only 5.56x45mm NATO ammunition as specified. Using incorrect ammunition may cause damage or injury.
- **Sighting and Targeting:** Adjust the A2 rear sight assembly correctly before use to ensure accuracy and safety.
- **Handling:** Always handle the firearm with care and keep your finger off the trigger until ready to shoot.
- **Cleaning:** Follow proper cleaning and maintenance procedures to ensure the upper receiver remains in good working condition.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded before beginning installation.
- Remove any existing upper receiver from the lower receiver.
- Align the BRN16A2 upper receiver with the lower receiver and secure it using the provided pins.
- Confirm that the upper receiver is properly seated and secured.

### 2. Usage:

- Load the firearm with the appropriate 5.56x45mm NATO ammunition.
- Adjust the A2 rear sight assembly to the desired elevation (300 to 800 meters).
- Use the BDC clickadjustable elevation turret on the Retro 4x Optic for precise targeting.
- Always maintain a safe shooting stance and be aware of your surroundings.

### 3. PostUse:

- After using the firearm, clean the upper receiver and ensure all components are functioning

- correctly.
- Store the firearm in a secure location, ideally in a locked safe.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the upper receiver or any components become damaged beyond repair, consult local regulations for the proper disposal of firearm parts.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding your BRN16A2 upper receiver, please refer to the manufacturer's contact guidelines provided in the product documentation.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your BRN16A2 20" Upper Receiver with Colt AR15 4x21MM. Remember, safety is paramount when handling firearms.
