

# PRO 700 LITE STOCK FOR REMINGTON® 700 LA - MAGPUL PRO 700 LITE LA STOCK REMINGTON 700 LONG ACTION BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Maintaining the most important features of Magpul's original Pro 700L, the Pro 700L Lite strikes a balance between features and cost without sacrificing performance. As the name suggests, the Pro 700L Lite blends the original Pro 700L Chassis and the PRS Lite stock to create a simplified rear end with a strong foundation – passing on the value and weight savings to you. The streamlined design weighs in at 4.5 pounds, a full pound less than its predecessor, but still packs a complete set of features that elevate your rifle's performance. The Pro 700L Lite provides an optimized shooter interface with 0.8" of comb height and 1.4" of LOP adjustments (LOP measures 13.0" -14.4"). The low-profile rubber butt-pad is adjustable for height and cant, providing an extremely stable interface with the shooter's shoulder. Sling attachment options include an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and space for another optional QD sling swivel cup. The injection-molded polymer grip has a 5-degree forward edge sweep and enlarged palm swell with a 7-degree aft edge sweep for enhanced user comfort, and it includes a .75" fore/ aft adjustment range using a common hex wrench. An additional grip is included, offering a more aggressive sweep and enlarged palm swell for the shooter who is more inclined to a less vertical grip interface (8-degree forward / 20-degree aft edge sweep). The Pro 700L Lite surrounds its billet-aluminum chassis with Magpul polymer for enhanced ergonomics, strength, and sound mitigation. Built around the user, it is fully ambidextrous at the swap of a bolt retainer plate, and the vertical grip can be adjusted for various trigger reaches. The included large trigger guard can accommodate usage with gloves and aftermarket triggers. The AICS-pattern magazine well features an ambidextrous mag release and has a front barricade stop to prevent the rifle from resting on the magazine when using barricade support. Up front, there are numerous M-LOK slots (left-6 / right-6 / bottom-7) allowing you to mount whatever accessories your loadout calls for. Extremely versatile and adaptable, the Pro 700L Lite turns your long action, 700-pattern rifle into the perfect bolt action precision machine.

**FEATURES**  
Fully machined aluminum fore end and bedding block AICS compatible bottom metal  
Vertical grip with adjustment for trigger reach  
Large trigger guard accommodates gloves and aftermarket triggers  
Compatible with left and right-handed actions  
Comb height, LOP, and butt pad adjustment from PRS Lite  
Injection-molded polymer grip with 5-degree forward edge sweep and enlarged palm swell with 7-degree aft edge sweep for enhanced user comfort combined with a .75" fore/aft adjustment range using a common hex wrench  
Additional grip option included with a more aggressive sweep and enlarged palm swell for the shooter that is more inclined to a less vertical grip interface (8 degree forward / 20-degree aft edge sweep)  
Multiple sling attachment points (an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and a space for another optional QD sling swivel cup)  
Made in the USA  
**COMPATIBILITY** Compatible with Remington® 700 Long Action and other Remington 700 Long Action footprints. Buttstock/cheek riser must be removed on the Pro 700L Lite before the user can remove the bolt from the action. Ships with MAG698 (Magnum Long Action AICS 5-round PMAG)

# Safety Instruction Guide for PRO 700 LITE STOCK FOR REMINGTON® 700 LA

## Introduction

Thank you for choosing the PRO 700 LITE STOCK FOR REMINGTON® 700 LA. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and usage to minimize risks and enhance your experience.

## General Safety Guidelines

- Always ensure that the stock is securely attached to the rifle before use.
- Regularly inspect the stock for any signs of damage or wear. Do not use if damaged.
- Keep the stock and rifle out of reach of children and unauthorized users.
- Be aware of your surroundings when using the rifle to prevent accidents.
- Use appropriate protective gear, including eye and ear protection, while shooting.
- Follow all local laws and regulations regarding firearm use and ownership.

## Specific Safety Precautions for Use

- The stock is designed for use with Remington 700 Long Action rifles. Ensure compatibility before use.
- Always check that the rifle is unloaded before attaching or detaching the stock.
- Do not modify the stock or any of its components, as this may compromise safety and performance.
- When adjusting the comb height and length of pull (LOP), ensure that adjustments are securely locked in place.
- Use caution when attaching accessories to the MLOK slots to avoid interference with the operation of the rifle.
- Ensure that the sling attachment points are securely fastened before use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Remove the existing stock from the Remington 700 Long Action rifle by unscrewing the bolts.
- Align the PRO 700 LITE stock with the action of the rifle.
- Securely fasten the stock using the provided screws, ensuring all connections are tight.
- Adjust the comb height and LOP according to your preference, ensuring all adjustments are locked.

### 2. Usage:

- Before firing, doublecheck that the rifle is in safe mode and that the chamber is clear.
- When aiming, ensure a proper shooting stance to maximize stability and control.
- After use, clean the stock and rifle according to the manufacturer's recommendations to maintain performance.

## Disposal Instructions

- Dispose of the stock responsibly in accordance with local regulations regarding plastic and metal waste.
- Do not incinerate or expose to extreme heat, as this may release harmful substances.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the PRO 700 LITE STOCK, please refer to the manufacturer's contact information provided with your product packaging or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your PRO 700 LITE STOCK FOR REMINGTON® 700 LA. Always prioritize safety and compliance with local laws when handling firearms.
