

# PRO 700 LITE STOCK FOR REMINGTON® 700 LA - MAGPUL PRO 700 LITE LA STOCK REMINGTON 700 LONG ACTION FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Maintaining the most important features of Magpul's original Pro 700L, the Pro 700L Lite strikes a balance between features and cost without sacrificing performance. As the name suggests, the Pro 700L Lite blends the original Pro 700L Chassis and the PRS Lite stock to create a simplified rear end with a strong foundation – passing on the value and weight savings to you. The streamlined design weighs in at 4.5 pounds, a full pound less than its predecessor, but still packs a complete set of features that elevate your rifle's performance. The Pro 700L Lite provides an optimized shooter interface with 0.8" of comb height and 1.4" of LOP adjustments (LOP measures 13.0" -14.4"). The low-profile rubber butt-pad is adjustable for height and cant, providing an extremely stable interface with the shooter's shoulder. Sling attachment options include an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and space for another optional QD sling swivel cup. The injection-molded polymer grip has a 5-degree forward edge sweep and enlarged palm swell with a 7-degree aft edge sweep for enhanced user comfort, and it includes a .75" fore/ aft adjustment range using a common hex wrench. An additional grip is included, offering a more aggressive sweep and enlarged palm swell for the shooter who is more inclined to a less vertical grip interface (8-degree forward / 20-degree aft edge sweep). The Pro 700L Lite surrounds its billet-aluminum chassis with Magpul polymer for enhanced ergonomics, strength, and sound mitigation. Built around the user, it is fully ambidextrous at the swap of a bolt retainer plate, and the vertical grip can be adjusted for various trigger reaches. The included large trigger guard can accommodate usage with gloves and aftermarket triggers. The AICS-pattern magazine well features an ambidextrous mag release and has a front barricade stop to prevent the rifle from resting on the magazine when using barricade support. Up front, there are numerous M-LOK slots (left-6 / right-6 / bottom-7) allowing you to mount whatever accessories your loadout calls for. Extremely versatile and adaptable, the Pro 700L Lite turns your long action, 700-pattern rifle into the perfect bolt action precision machine.

**FEATURES**  
Fully machined aluminum fore end and bedding block AICS compatible bottom metal  
Vertical grip with adjustment for trigger reach  
Large trigger guard accommodates gloves and aftermarket triggers  
Compatible with left and right-handed actions  
Comb height, LOP, and butt pad adjustment from PRS Lite  
Injection-molded polymer grip with 5-degree forward edge sweep and enlarged palm swell with 7-degree aft edge sweep for enhanced user comfort combined with a .75" fore/aft adjustment range using a common hex wrench  
Additional grip option included with a more aggressive sweep and enlarged palm swell for the shooter that is more inclined to a less vertical grip interface (8 degree forward / 20-degree aft edge sweep)  
Multiple sling attachment points (an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and a space for another optional QD sling swivel cup)  
Made in the USA  
**COMPATIBILITY** Compatible with Remington® 700 Long Action and other Remington 700 Long Action footprints. Buttstock/cheek riser must be removed on the Pro 700L Lite before the user can remove the bolt from the action. Ships with MAG698 (Magnum Long Action AICS 5-round PMAG)

# Safety Instruction Guide for PRO 700 LITE STOCK FOR REMINGTON® 700 LA

## Introduction

Thank you for choosing the PRO 700 LITE STOCK FOR REMINGTON® 700 LA. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before using the stock to enhance your shooting experience while maintaining safety standards.

## General Safety Guidelines

- Ensure that the stock is compatible with your Remington® 700 Long Action rifle before installation.
- Always handle firearms safely and responsibly, following established safety protocols.
- Regularly inspect the stock for any signs of wear or damage prior to use.
- Keep the stock and all associated equipment out of reach of children and unauthorized users.
- Do not modify the stock in any way that could compromise its safety or performance.
- Always wear appropriate eye and ear protection when shooting.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or detaching the stock.
- Use the stock only for its intended purpose; do not use it with incompatible firearms.
- Adjust the comb height and length of pull (LOP) according to your personal comfort and shooting style.
- When using the adjustable rubber buttpad, ensure it is securely fastened to avoid slippage during use.
- Be cautious with sling attachment points; ensure that slings are properly attached and secured before use.
- Avoid placing excessive weight on the stock when using barricade support to prevent damage.
- Do not exceed the weight limit of accessories mounted on the MLOK slots to maintain balance and control.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington® 700 Long Action rifle.
- Align the PRO 700 LITE STOCK with the action and secure it using the provided hardware.
- Tighten all screws and bolts to ensure a snug fit without overtightening.
- Adjust the comb height and LOP as needed for your comfort.

### 2. Usage:

- Familiarize yourself with the stock's features, including the adjustable buttpad and grip options.
- Practice mounting the rifle to your shoulder to ensure a proper fit and comfort.
- Use the vertical grip adjustment to suit your trigger reach.
- Regularly check the attachment points and adjustments for security before each use.

## Disposal Instructions

- Dispose of the stock according to local regulations regarding plastic and metal waste.
- If the stock is damaged beyond repair, consider recycling the components where possible.
- Do not dispose of the stock in a manner that could pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For inquiries regarding safety, usage, or compatibility, please refer to the manufacturer's contact points provided with your product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and enjoyable experience with your PRO 700 LITE STOCK FOR REMINGTON® 700 LA. Always prioritize safety and responsibility when handling firearms and related equipment.
