

PRO 700 LITE STOCK FOR REMINGTON® 700 LA - MAGPUL PRO 700 LITE LA STOCK REMINGTON 700 LONG ACTION OD GREEN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Maintaining the most important features of Magpul's original Pro 700L, the Pro 700L Lite strikes a balance between features and cost without sacrificing performance. As the name suggests, the Pro 700L Lite blends the original Pro 700L Chassis and the PRS Lite stock to create a simplified rear end with a strong foundation – passing on the value and weight savings to you. The streamlined design weighs in at 4.5 pounds, a full pound less than its predecessor, but still packs a complete set of features that elevate your rifle's performance. The Pro 700L Lite provides an optimized shooter interface with 0.8" of comb height and 1.4" of LOP adjustments (LOP measures 13.0" -14.4"). The low-profile rubber butt-pad is adjustable for height and cant, providing an extremely stable interface with the shooter's shoulder. Sling attachment options include an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and space for another optional QD sling swivel cup. The injection-molded polymer grip has a 5-degree forward edge sweep and enlarged palm swell with a 7-degree aft edge sweep for enhanced user comfort, and it includes a .75" fore/ aft adjustment range using a common hex wrench. An additional grip is included, offering a more aggressive sweep and enlarged palm swell for the shooter who is more inclined to a less vertical grip interface (8-degree forward / 20-degree aft edge sweep). The Pro 700L Lite surrounds its billet-aluminum chassis with Magpul polymer for enhanced ergonomics, strength, and sound mitigation. Built around the user, it is fully ambidextrous at the swap of a bolt retainer plate, and the vertical grip can be adjusted for various trigger reaches. The included large trigger guard can accommodate usage with gloves and aftermarket triggers. The AICS-pattern magazine well features an ambidextrous mag release and has a front barricade stop to prevent the rifle from resting on the magazine when using barricade support. Up front, there are numerous M-LOK slots (left-6 / right-6 / bottom-7) allowing you to mount whatever accessories your loadout calls for. Extremely versatile and adaptable, the Pro 700L Lite turns your long action, 700-pattern rifle into the perfect bolt action precision machine.

FEATURES
Fully machined aluminum fore end and bedding block AICS compatible bottom metal
Vertical grip with adjustment for trigger reach
Large trigger guard accommodates gloves and aftermarket triggers
Compatible with left and right-handed actions
Comb height, LOP, and butt pad adjustment from PRS Lite
Injection-molded polymer grip with 5-degree forward edge sweep and enlarged palm swell with 7-degree aft edge sweep for enhanced user comfort combined with a .75" fore/aft adjustment range using a common hex wrench
Additional grip option included with a more aggressive sweep and enlarged palm swell for the shooter that is more inclined to a less vertical grip interface (8 degree forward / 20-degree aft edge sweep)
Multiple sling attachment points (an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and a space for another optional QD sling swivel cup)
Made in the USA
COMPATIBILITY Compatible with Remington® 700 Long Action and other Remington 700 Long Action footprints. Buttstock/cheek riser must be removed on the Pro 700L Lite before the user can remove the bolt from the action. Ships with MAG698 (Magnum Long Action AICS 5-round PMAG)

Safety Instruction Guide for PRO 700 LITE STOCK FOR REMINGTON® 700 LA

Introduction

Thank you for choosing the PRO 700 LITE STOCK FOR REMINGTON® 700 LA. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper usage, installation, and maintenance of your stock.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the firearm and stock securely, out of reach of children and unauthorized users.
- Regularly inspect your stock and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and safety.

Specific Safety Precautions for Use

- **User Age Requirement:** This product is intended for adult users only. Ensure that minors are supervised by a responsible adult when handling firearms.
- **Proper Fit:** Ensure that the stock is properly fitted to your Remington® 700 Long Action firearm to avoid operational issues.
- **Adjustments:** Make adjustments to the comb height, length of pull (LOP), and butt pad only when the firearm is not loaded.
- **Sling Attachment:** Ensure that the sling attachment points are secure before using the firearm.
- **Grip Usage:** Use the grip options provided to maintain a stable hold. Choose the grip that best suits your shooting style.
- **Environment:** Avoid using the firearm in wet or slippery conditions to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Remove the existing stock from your Remington® 700 Long Action firearm following the manufacturer's instructions.
- Align the PRO 700 LITE STOCK with the action and secure it using the provided hardware.
- Ensure that all screws are tightened to the manufacturer's specifications.

2. Adjustments:

- Adjust the comb height by loosening the adjustment screws and moving the comb to the desired height. Tighten the screws securely.
- Adjust the length of pull (LOP) by using the provided adjustment mechanism. Ensure it is set within the range of 13.0" to 14.4".
- Adjust the rubber buttpad for height and cant as needed for a comfortable fit against your shoulder.

3. Usage:

- Before each use, inspect the stock for any cracks, loose parts, or other damage.
- Ensure that the rifle is clean and free of obstructions before loading.

- When using the firearm, maintain a stable shooting position and ensure that the stock is properly seated against your shoulder.
- Use the ambidextrous sling attachment points to secure your sling for easy transport.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the stock is damaged beyond repair, consider recycling the polymer components where facilities are available.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or support regarding the PRO 700 LITE STOCK, please refer to your retailer or the manufacturer's website for assistance.

Please ensure that you keep this guide for future reference and share it with anyone who may use the product. Your safety and the safety of others is of utmost importance. Thank you for your attention to these guidelines.
