Safety Instruction Guide for the Vendetta Standard Chassis

Introduction

Thank you for choosing the Vendetta Standard Chassis with Rail. This product is designed to enhance your firearm experience while ensuring safety and performance. Please read this safety instruction guide carefully to familiarize yourself with the proper use, installation, and disposal of the chassis.

General Safety Guidelines

- Ensure safe use of the chassis by following all instructions.
- Be aware of potential hazards associated with firearm modifications.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the chassis out of reach of children and vulnerable individuals.
- Regularly check for product recalls and safety updates.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear safety glasses and hearing protection when using firearms.
- Ensure the firearm is unloaded before installing or modifying the chassis.
- Do not exceed the manufacturer's specifications for weight and accessories on the chassis.
- Inspect the chassis and all components before each use for any signs of damage.
- Avoid using the chassis in extreme weather conditions that may affect performance.
- Be mindful of the compatibility of the chassis with your firearm model.

Instructions for Installation and Usage

Installation Steps

1. Preparation

- Ensure you have all components: Chassis, Rail, Grip Insert, Grip Insert Screw, 6 Rail Screws, and 2 Allen Keys.
- Read the installation manual carefully.

2. Remove the Existing Stock

- Unload the firearm and ensure it is safe to handle.
- Remove the existing stock from your firearm according to the manufacturer's instructions.

3. Install the Chassis

- Align the chassis with the firearm's action.
- Secure the chassis using the provided screws, ensuring a tight fit without overtightening.

4. Attach the Rail

- Position the MLOK® rail on the chassis.
- Use the appropriate screws to secure the rail in place.

5. Install the Grip Insert

- Insert the grip into the designated slot on the chassis.
- Secure the grip with the grip insert screw provided.

6. Final Inspection

- Doublecheck all screws and fittings to ensure everything is secure.
- Perform a safety check on the firearm.

Usage Guidelines

- Always follow safe firearm handling practices.
- Customize your setup using the MLOK® rail for accessories such as lights.
- Regularly inspect the chassis and accessories for wear and tear.

Disposal Instructions

- Dispose of the chassis and its components in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- Check with local recycling centers for proper disposal methods.
