The Liberty Charging Handle (LCH) from Sons of Liberty Gun Works is designed to increase form and function in both suppressed and unsuppressed rifles. It is ambidextrous to allow fluid consistent motion when utilizing either strong or support side shooting. The size and shape of the latches allow for a snag-free operation. The LCH employs a lip at the rear creating a seal in the back of the upper receiver to interrupt gas during suppressed fire. The LCH is machined from aircraft-grade 7075 and anodized to Mil-Spec Hard Coat Type III specifications. SOLGW didn't reinvent the wheel...they just made it better

# Safety Instruction Guide for AR15 Liberty Ambidextrous Charging Handle

## Introduction

Thank you for choosing the AR15 Liberty Ambidextrous Charging Handle from Sons of Liberty Gun Works. This product is designed to enhance the performance of your rifle while ensuring safe and efficient operation. Please read this safety instruction guide carefully to understand how to use and maintain your charging handle safely.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe handling and usage of firearms and accessories.
- Ensure that your firearm is unloaded before installing or handling the charging handle.
- Use the charging handle only with compatible AR15 models.
- Store the charging handle and your firearm securely when not in use.
- Keep the charging handle away from children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage before use.

## Specific Safety Precautions for Use

- Ensure that the charging handle is properly installed before use.
- Do not attempt to modify or alter the charging handle in any way.
- Use the charging handle in a well-ventilated area, especially when firing suppressed rounds.
- Be aware of your surroundings and ensure that you have a clear line of sight when operating your firearm.
- If you notice any malfunction or unusual behavior during use, cease operation immediately and inspect the charging handle.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Confirm that your firearm is unloaded and pointed in a safe direction.
2. **Remove Old Charging Handle:** If applicable, remove the existing charging handle by pulling it out of the upper receiver.
3. **Insert New Charging Handle:** Align the new Liberty Charging Handle with the receiver and slide it into place until it is securely fitted.
4. **Check Functionality:** Pull the charging handle back to ensure it operates smoothly and is properly seated.

### Usage

- Grip the charging handle firmly with either your strong or support hand.
- Pull the charging handle back to chamber a round, ensuring a smooth and controlled motion.
- Release the charging handle to allow it to return to its forward position.
- After firing, repeat the charging process as necessary for subsequent rounds.

## Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- Do not discard the charging handle in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please reach out to the manufacturer or your point of purchase. Always ensure you have the latest information on product recalls and safety alerts.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your AR15 Liberty Ambidextrous Charging Handle. Always prioritize safety and stay informed about best practices for firearm accessories.
