

# **RAPTOR 308 CALIBER (.308") SUBSONIC RIFLE BULLETS - CUTTING EDGE BULLETS RAPTOR 308 CALIBER (0.308") 190GR FLAT BASE HP 50/BOX**

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This bullet is designed to function at subsonic speeds and put game on the ground quickly and quietly. This makes it an excellent choice for .300 Blackout and .300 Whisper rifles. A minimum impact velocity of 900fps is required for the hollow point to function as intended. Instead of mushrooming, Cutting Edge's subsonic Raptor bullet sheds 4 large blades after about 1-2" of penetration while the base continues. It is manufactured out of solid copper bar stock on a CNC Swiss style lathe. SPECS Caliber: .308 Weight: 190 Grains Required Twist Rate: 1:8" or Faster OAL: 1.467" Projection Length: Blackout: .859", Whisper: .732" Min Impact Velocity Required for Expansion: 750fps

# Safety Instruction Guide for RAPTOR 308 Caliber Subsonic Rifle Bullets

## Introduction

Thank you for choosing the RAPTOR 308 Caliber (.308") Subsonic Rifle Bullets by Cutting Edge Bullets. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before using the bullets.

## General Safety Guidelines

- Ensure that you are of legal age and have the necessary permits to purchase and use this product.
- Always handle ammunition with care and treat it as if it is loaded.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Familiarize yourself with local laws and regulations regarding the use and transportation of ammunition.
- Regularly check for product recalls or safety notices through official channels.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that your firearm is in good working condition and is compatible with .308 caliber ammunition.
- Do not exceed the manufacturer's recommended load specifications.
- Avoid using the bullets in firearms that do not have a twist rate of 1:8" or faster.
- Make sure to use the proper twist rate to ensure optimal performance and safety.
- Only use the bullets in designated firearms and for intended purposes (e.g., hunting, target shooting).
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point a firearm at anything you do not intend to shoot.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary equipment, including your rifle, ammunition, and safety gear.

### 2. Loading:

- Open the magazine of your firearm.
- Carefully insert the RAPTOR 308 Caliber bullets into the magazine, ensuring they are seated correctly.
- Close the magazine and ensure it is securely locked in place.

### 3. Firing:

- Load the rifle by chambering a round from the magazine.
- Take aim at your target while ensuring a clear line of sight and a safe backdrop.
- Squeeze the trigger gently to fire the round.
- After firing, observe the target and surroundings before chambering another round.

### 4. PostUse:

- After completing your shooting session, unload the firearm and check that no rounds remain in the

- chamber or magazine.
- Clean your firearm according to the manufacturer's instructions to maintain its condition.

## Disposal Instructions

- Dispose of any unused or expired ammunition in accordance with local laws and regulations.
- Do not throw ammunition in the regular trash.
- Contact local authorities or hazardous waste disposal facilities for proper disposal methods.
- Ensure that spent casings are collected and disposed of safely to prevent environmental contamination.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the RAPTOR 308 Caliber bullets, please refer to the official website or contact the authorized distributor in your region.

By following these guidelines, you can ensure a safe and enjoyable experience with your RAPTOR 308 Caliber Subsonic Rifle Bullets. Always prioritize safety and responsible usage.
