

MAGAZINE EXTENSION FOR SIG SAUER® P365 X-MACRO - MAGAZINE EXTENSION +3 FOR SIG SAUER P365 X-MACRO GRAY

Introducing the Sig P365 Magazine Extension for the Sig Sauer P365 X Macro, made by Tyrant CNC. Designed to increase your carrying capacity by 3 rounds of 9mm, this extension takes your total capacity to 20 (+1), giving you the peace of mind you need when it matters most. CNC machined from 6061 aerospace grade aluminum and featuring the innovative Tyrant CNC 'NoBak' retention spring technology, this P365 magazine extension is built to last and perform. The dimensions of the extension have been specifically designed to match the Sig P365 frame, minimizing the chances of printing through your clothing and allowing for a discreet carry. And with the advanced engineering of the 'NoBak' retention spring, you'll never have to worry about what may happen if you drop your magazine. Worried about miss feeds or jams - this extension is designed to function flawlessly without the need for a power spring. Whether you're hitting the range or carrying your Sig Sauer P365 Macro for personal defense, their Sig Sauer P365 magazine extension for the 17 round Macro magazine is the perfect upgrade to take your shooting game to the next level. Don't miss out on the opportunity to enhance your setup with the top-quality and performance of the Tyrant CNC +3 Magazine Extension. Why do they install so quickly? Tyrant Designs use their proven "NoBak" retention plunger technology to allow the magazine extension to easily slide onto the bottom of your magazine! The entire install happens in 10 seconds or less and with no tools. Want to take it off? Easy, just push the plunger down and slide the magazine base plate off! It takes no tools and is done easily! Whether you're heading to the range or carrying your Sig Sauer P365 Macro for personal defense, their P365 Macro +3 Magazine Extension is the perfect upgrade for any shooter looking to enhance their setup with top-quality performance and reliability. Don't miss this opportunity to take your shooting game to the next level. FITMENT Platform: Sig-Sauer Designed For Models: P365 Fitment Notes Fits only P365 X Macro 17-round magazine Works with most Magwells Adds 3 rounds of capacity of 9mm Does NOT require a power spring for function Does NOT fit other Sig P365 lower capacity magazines (flanges that fold in) Fits on California compliant versions Depending on the magazine production date, your magazine may have a different spring due to a change in supplier for the OEM SIG P365 Magazines. This shorter spring may not have enough power to keep the slide locked back when the final round is discharged when using theirs, or any other brands, magazine extension base pads. Safety Instructions for MAGAZINE EXTENSION FOR SIG SAUER P365 XMACRO

Introduction

Thank you for choosing the MAGAZINE EXTENSION FOR SIG SAUER P365 XMACRO. This product is designed to enhance your carrying capacity by adding 3 rounds to your existing SIG P365 XMACRO magazine. To ensure safe and effective usage of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and magazine before using this extension.
- Always treat your firearm as if it is loaded.
- Store your magazine extension and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your magazine extension for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- This magazine extension is designed specifically for the SIG SAUER P365 XMACRO 17round magazine. Do not use it with other models or lower capacity magazines.
- Ensure that the magazine is empty before installing or removing the extension.
- Do not attempt to modify or alter the magazine extension or magazine in any way.
- Be cautious of the magazine's weight increase when loaded with additional rounds, as this may affect handling and balance.
- Always ensure that your firearm is pointed in a safe direction when loading or unloading the magazine.

Instructions for Installation and Usage

1. Installation:

- Ensure that your SIG SAUER P365 XMACRO magazine is unloaded.
- Align the magazine extension with the base of the magazine.
- Slide the magazine extension onto the bottom of the magazine until it clicks into place.
- The installation should be completed in 10 seconds or less without the need for tools.
- To remove the extension, push the retention plunger down and slide the magazine base plate off.

2. Usage:

- Load the magazine with 17 rounds of 9mm ammunition plus one additional round in the chamber for a total capacity of 20 (+1).
- Always ensure that the magazine is properly seated in the firearm before use.
- Regularly check the magazine for proper function and any signs of wear.

Disposal Instructions

- Dispose of the magazine extension in accordance with local regulations regarding metal and plastic waste.
- Do not incinerate or dispose of the magazine extension in a manner that may cause environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the MAGAZINE EXTENSION FOR SIG SAUER P365 XMACRO, please refer to your local retailer or the manufacturer's website for additional support and information.

By following these guidelines, you can ensure safe and effective use of your magazine extension, enhancing your shooting experience while maintaining compliance with safety regulations.
