

CELLVAULT 18 BATTERY STORAGE FOR 18350 AND 18650 URBAN GRAY

CELLVAULT-18 BATTERY STORAGE FOR 18350 AND 18650 Protect your premium 18650 and 18350 batteries while keeping them immediately accessible, with the CellVault-18. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-18 takes attachable battery storage to the next level with new features like side windows that help you verify gear status, a metal locking latch, and waterproof double-layer construction. **FEATURES:** Holds 1 18650 or 2 18350 Rechargeable Batteries Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Folding metal latch for simple installation and positive attachment Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-18. Fold the latch flat to reduce profile. Insert the rigid strut through MOLLE/PALS Webbing. Unfold the latch to 90 degrees. Verify foam shock absorber is at the bottom of the CellVault-18 tube. Insert battery (or batteries) with the positive (+) terminal towards the foam at the bottom. Close the tube and latch, making sure no material is caught in the tube/cap interface.

Attributes

- Name: CELLVAULT 18 BATTERY STORAGE FOR 18350 AND 18650 URBAN GRAY
- Manufacturer: THYRM LLC
- Product no.: 430113960
- Mfr. No.: CV18005
- Delivery weight: 0.057kg
- Shipping height: 41mm
- Shipping width: 191mm
- Shipping length: 102mm
- UPC: 712198321897

CELLVAULT 18 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT 18 Battery Storage. This guide provides essential safety instructions to ensure the safe and effective use of your battery storage unit. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to store 18650 and 18350 rechargeable batteries.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use or injury.
- Regularly inspect the product for any signs of damage or wear. If the product is damaged, discontinue use immediately.
- Avoid exposing the product to extreme temperatures, humidity, or direct sunlight, as these conditions can compromise its integrity and performance.
- Be aware of the potential hazards associated with lithiumion batteries, including risks of fire, explosion, and chemical leaks.

Specific Safety Precautions for Use

- Always check that the batteries are inserted correctly, with the positive (+) terminal facing the foam at the bottom of the CellVault18.
- Do not exceed the storage capacity of the CellVault18. Store only one 18650 battery or two 18350 batteries at a time.
- Ensure that the latch is securely closed before transporting the CellVault18 to prevent accidental opening.
- Do not attempt to disassemble the CellVault18 or modify its components, as this may lead to malfunction or injury.
- If the CellVault18 becomes wet, dry it thoroughly before use to maintain its waterproof features.
- In case of battery leakage or damage, handle the batteries with care and dispose of them according to local regulations.

Instructions for Installation and Usage

1. Unlocking and Opening the CellVault18

- Unlock the bottom latch and open the CellVault18.
- Fold the latch flat to reduce the profile for easier handling.

2. Inserting Batteries

- Insert the rigid strut through MOLLE/PALS webbing for secure attachment.
- Verify that the foam shock absorber is at the bottom of the CellVault18 tube.
- Insert the battery (or batteries) with the positive (+) terminal towards the foam at the bottom.

3. Closing the CellVault18

- Close the tube and latch carefully, ensuring no material is caught in the tube/cap interface.
- Unfold the latch to 90 degrees for added security.

4. Checking Gear Status

- Utilize the clear side windows to check the gear status without opening the CellVault18.

Disposal Instructions

- Dispose of the CellVault18 and any batteries in accordance with local regulations for electronic waste.
- Do not dispose of batteries in regular household trash. Instead, use designated battery recycling programs or facilities.

Contact Information for Further Support

For any safety inquiries or concerns regarding the CELLVAULT 18 Battery Storage, please refer to the manufacturer's contact details included with your product packaging.

Conclusion

By following these safety instructions, you can ensure the safe use of the CELLVAULT 18 Battery Storage. Always prioritize safety and stay informed about best practices for battery storage and handling. Thank you for your attention to these guidelines, and enjoy the convenience and protection provided by your new product.
