

BILLET ALUMINUM RELOADING TRAYS - L.E. WILSON, INC. .473" HEAD RELOADING TRAY BILLET ALUMINUM

L.E. WILSON, INC. BILLET ALUMINUM RELOADING TRAYS The L.E. Wilson Billet Aluminum Reloading Trays are precision-machined in-house from a solid block of billet aluminum for unmatched strength and durability. Built to last for many years of use, each tray features a clear anodized finish for corrosion resistance and a sleek, professional look. Compact and stackable, these trays make brass handling efficient at home, the range, or on the road. Proudly made in the USA, every tray is engraved with the WILSON logo on each end, a mark of superior craftsmanship. **FEATURES** Unique 55-hole design—set aside rounds for inspection, run 50 rounds per tray with added space for powder dispensing, or process brass efficiently. Cartridge compatibility—works with cases using a .473" head diameter, including: 22-250 Rem, 220 Swift, 6-250, 243 Win, 6 mm Rem, 6 mm Creedmoor, 240 Weatherby, 25-06 Rem, 250 Sav, 260 Rem, 6.5 mm Creedmoor, 6.5x55 mm, 270 Win, 7x57 mm, 7-08 Rem, 280 Rem, 308 Win, 30-06 Sprg, 8x57 mm, 35 Whelen, 35 Rem, and many more. Low-profile design—precisely spaced holes make it easier to grip and handle each case. Stackable and lightweight—perfect for storage or transport to the range. Multiple size options—available in different tray sizes to fit your reloading needs. **WHY CHOOSE BILLET ALUMINUM?** Unlike plastic trays, billet aluminum provides superior stability, heat resistance, and longevity. These trays won't warp, crack, or degrade, making them the premium choice for reloaders who demand consistency and reliability. Whether you're sorting, processing, or separating brass, Wilson Reloading Trays deliver efficient, professional-grade performance.

Safety Instruction Guide for BILLET ALUMINUM RELOADING TRAYS

Introduction

Thank you for choosing the L.E. Wilson Billet Aluminum Reloading Trays. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the reloading trays.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of this product by following all instructions. The reloading trays are designed for nonfood use and should not be used for any purpose other than intended.
- **Enhanced Recalls:** Stay informed about any recalls related to this product by checking official updates. If a recall occurs, follow the instructions provided for safe disposal or return.
- **Online Shopping:** If purchased online, ensure the seller meets all safety requirements. Verify that the product is genuine and complies with EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the seller or manufacturer.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety and potential hazards.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential hazards include sharp edges on the trays and the risk of dropping or mishandling them.
 - Ensure that the working area is clear of obstacles to prevent accidents while using the trays.
- **Avoiding Hazards:**
 - Always handle the trays with care to prevent cuts or injuries from sharp edges.
 - Do not overload the trays beyond their intended capacity to avoid breakage.
 - Use the trays on a stable surface to prevent tipping or spilling.
- **AgeSpecific Warnings:**
 - This product is not suitable for individuals under the age of 18. Adult supervision is recommended when used in the presence of younger individuals.

Instructions for Installation and Usage

- **Installation:**
 - No assembly is required. The trays are ready to use out of the box.
 - Ensure the trays are clean and free from debris before use.
- **Usage:**
 - Place the trays on a flat, stable surface for optimal performance.
 - Load brass cases into the trays according to the unique 55hole design. Ensure each case fits securely in its designated hole.

- Avoid using the trays for any purpose other than reloading to maintain their integrity and safety.
- After use, clean the trays with a soft cloth to remove any residues.

Disposal Instructions

- **Disposal of Product:**

- When disposing of the trays, follow local regulations for metal recycling.
- Do not dispose of the trays in regular household waste. Instead, take them to a designated recycling facility.
