## Helps You Attain the Full Potential of Your Rifle / Cartridge Combo

Think of the Nightforce ATACR 7-35x56mm F1 as the long-range riflescope that doesn't give you tunnel vision. This powerful version of the Advanced TACTical Riflescope offers an unusually wide field of view across its extensive magnification range, so the target is both easy to find and easy to hit, even when you need to dial up the magnification. The ATACR 7-35x56mm F1 scope has a first focal plane (F1) reticle that ensures pin-point ranging calculations and fast hold-off adjustments. Nightforce's fully multicoated, low-dispersion ED glass delivers more than 90% light transmission, crisp images, excellent contrast, and outstanding color. Parallax adjustment down to 10 meters ZeroStop™ elevation adjustment for quick return-to-zero without counting clicks or looking at the turret DigIllum Illuminated reticle Built-in Power Throw Lever (PTL) for fast magnification changes 34mm tube gives you 20% more elevation travel than a 30mm tube With its industry-leading ATACR optics and an easy-to-operate suite of controls, the Nightforce ATACR 7-35x56mm F1 enables you to address close-in targets as well as those at the limits of your rifle and cartridge. Whether your game is extreme long-range shooting or PRS (Precision Rifle Series) - ATACR 7-35x56mm F1 set you up to win at both.

## Attributes

- Name: [NIGHTFORCE ATACR 7-35X56MM FFP ILLUMINATED HORUS TREMOR 3 RETICLE BLACK](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 524000307
- Mfr. No.: C571
- Battery: CR-2032
- Click Value: 0.1 MRAD
- Click Value: 0.1 MRAD
- Eye Relief: 3.58", 3.26"
- Finish: Matte Black
- Focal Plane: First
- Illumination: Yes
- Length: 12.6"
- Max Magnification: 35x
- Min. Magnification: 7x
- Model Number: ATACR
- Objective Size: 56mm
- Reticle: Tremor 3
- Tube Size: 34mm
- Delivery weight: 1.837kg
- Shipping height: 137mm
- Shipping width: 145mm
- Shipping length: 579mm
- UPC: 847362014524

## Item details

Made in USA

This product contains a battery.

US export classification: 0A504.a

# Nightforce ATACR 735X56MM F1 Rifle Scope

## Safety Instructions

### Introduction

Thank you for choosing the Nightforce ATACR 735X56MM F1 Rifle Scope. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your riflescope. Please read this manual carefully and keep it for future reference.

### General Safety Guidelines

- Ensure safe use of the riflescope by following all instructions provided in this guide.
- Be aware of potential hazards associated with the use of optical devices, including but not limited to:
  - Eye strain or discomfort from prolonged use.
  - Risk of injury from improper handling or mounting.
- Always comply with local laws and regulations regarding the use of firearms and optical sights.
- Keep the riflescope out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.

### Specific Safety Precautions for Use

- Always use the riflescope in a safe and controlled environment.
- Avoid looking directly at the sun or other bright light sources through the scope, as this may cause permanent eye damage.
- Ensure that the riflescope is securely mounted to your firearm before use.
- When adjusting the magnification or making any changes to the scope, do so while the firearm is pointed in a safe direction.
- Do not attempt to disassemble or modify the riflescope; doing so may void the warranty and compromise safety.
- Be aware of your surroundings and ensure that your target and the area beyond it are clear before firing.

### Instructions for Installation and Usage

#### 1. Installation:

- Select a suitable mounting base for your rifle that is compatible with the 34mm tube size of the ATACR scope.
- Securely attach the mounting rings to the base following the manufacturer's guidelines.
- Carefully place the riflescope into the rings and tighten the screws evenly to ensure a stable fit.
- Adjust the scope's position for optimal eye relief before tightening all screws completely.

#### 2. Zeroing the Scope:

- Set up a target at a known distance (typically 100 yards/meters) for zeroing.
- Fire a group of shots to determine the point of impact.
- Adjust the elevation and windage turrets according to the manufacturer's instructions to align the point of impact with the point of aim.

#### 3. Using the Scope:

- Adjust the magnification as needed using the Power Throw Lever (PTL) for quick changes.
- Utilize the illuminated reticle for enhanced visibility in low light conditions.
- Make parallax adjustments as necessary to ensure accuracy at various distances.

## **Disposal Instructions**

- Dispose of the riflescope in accordance with local regulations regarding electronic waste and optical devices.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, consider recycling or contacting a local waste management service for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Nightforce ATACR 735X56MM F1 Rifle Scope, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Nightforce ATACR 735X56MM F1 Rifle Scope. Always prioritize safety and responsible use while enjoying the benefits of your new optics.
