Safety Instructions for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS! These bushings are designed to enhance your brass trimming process, ensuring a smooth and efficient experience. This guide provides essential safety instructions and guidelines to ensure safe usage of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean, dry, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or issues, do not use the product and contact the manufacturer for assistance.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the bushings only with compatible cartridges: 6 mm BR Norma, 6.5 Creedmoor, 22 BR (Benchrest) Remington, 6 mm Dasher, and 6 mm Creedmoor.
- Ensure that the case is properly aligned with the carbide cutter before operation.
- Avoid placing fingers or any body parts near the cutter during operation.
- Do not force the case into the cutter; let the springloaded mechanism do the work.
- Always wear appropriate eye protection while using the product to protect against flying debris.
- Store the bushings in a safe place when not in use to prevent accidental injury.

Instructions for Installation and Usage

1. Installation:

- Unpack the bushings and ensure all components are present.
- Attach the bushing securely to the Case Trim Xpress system as per the manufacturer's instructions.
- Verify that the bushing is properly seated and secure before proceeding.

2. Usage:

- Insert the brass case into the bushing, ensuring it is aligned correctly.
- Firmly but gently push the case against the carbide cutter.
- Allow the springloaded mechanism to assist with the trimming process.
- After trimming, remove the case and check for any burrs or sharp edges.
- Clean the bushing and cutter regularly to maintain optimal performance.

Disposal Instructions

- Dispose of the product and any associated materials in accordance with local waste disposal regulations.
- Do not throw the product in regular household waste. Check for recycling options or special disposal services in your area.

Contact Information for Further Support

For any safety inquiries or additional support regarding the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for following these safety instructions to ensure a safe and effective experience with your BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS!
