# Safety Instructions for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

## Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS by LYMAN. These bushings are designed to enhance your experience while trimming brass cases safely and effectively. This guide provides essential safety instructions and operational guidelines to ensure your safety and the proper use of this product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Always wear appropriate personal protective equipment, such as safety goggles and gloves, while using the bushings.
- Keep the work area clean and welllit to avoid accidents.
- Do not use the bushings if they are damaged or defective.
- Store the bushings in a dry place and out of reach of children.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of the risks associated with using cutting tools. The carbide cutter is sharp and can cause injury.
- **Proper Handling:** Always handle the bushings with care. Avoid direct contact with the cutting edge.
- **Case Support:** Ensure that the case is properly supported while trimming to prevent slippage and potential injury.
- **Spring Mechanism:** Be cautious of the springloaded mechanism. Keep fingers away from moving parts during operation.
- **Vulnerable Groups:** Keep the product away from children and individuals who may not understand its safe operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Case Trim Xpress system is powered off before installation.
- Insert the bushing into the designated slot on the Case Trim Xpress system.
- Secure the bushing in place according to the manufacturer's instructions.

### 2. Usage:

- Prepare the brass case by ensuring it is clean and free of debris.
- Place the brass case against the carbide cutter.
- Apply gentle pressure to engage the spring mechanism, allowing for a smooth and clean trim.
- Do not force the case into the cutter; allow the tool to do the work.
- After trimming, inspect the case for any irregularities before further processing.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations for hazardous waste.
- Do not throw bushings in regular household waste.
- Check with local authorities for appropriate disposal methods for metal products.

## Contact Information for Further Support

For any inquiries or concerns regarding the use of the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, please refer to the product packaging for contact details of the manufacturer. Ensure that you have the product information ready when seeking assistance.

By following these guidelines, you can ensure a safe and effective experience with your BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS. Always prioritize safety and adhere to the instructions provided for optimal performance.
