# Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

## Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS! This guide provides essential safety instructions to ensure the safe use of the product. Please read through this guide carefully before using the bushings to ensure a safe and effective experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the bushings with care to avoid injury.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- If you notice any damage, do not use the bushings and contact the manufacturer for advice.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the bushings.
- Ensure that the work area is clean and free from clutter to prevent accidents.
- Keep hands and other body parts clear of the cutting area while operating the Case Trim Xpress system.
- Avoid wearing loose clothing or jewelry that may get caught in the equipment.
- Do not exceed the recommended cartridge specifications for the bushings to prevent malfunction or injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Case Trim Xpress system is unplugged before installation.
- Insert the bushing securely into the designated slot on the Case Trim Xpress.
- Ensure that the bushing is properly aligned with the cutter for optimal performance.

### 2. Usage:

- With the bushing installed, plug in the Case Trim Xpress system and ensure it is functioning correctly.
- Place the brass case into the bushing and apply gentle pressure to engage the cutter.
- Maintain a steady hand and avoid excessive force to ensure a smooth cut.
- After trimming, carefully remove the brass case and inspect it for any irregularities.

### 3. PostUsage:

- Unplug the Case Trim Xpress system after use.
- Clean the bushings and the cutter area to prevent debris buildup.
- Store the bushings in a dry and safe place away from children.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they contain hazardous materials.

- Consider recycling options for metal components where applicable.

## Contact Information for Further Support

For any inquiries regarding safety, product usage, or support, please refer to the contact information provided on the packaging or the manufacturer's website.

Thank you for prioritizing safety while using the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS. By following these guidelines, you can ensure a safe and efficient experience.
