# Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

## Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, specifically designed for use with the LYMAN #22 Trim Xpress system. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read all instructions carefully before use.

## General Safety Guidelines

- Ensure that all users read this safety instruction guide to understand the proper use of the product.
- Use the bushings only as intended, following the specific guidelines outlined in this document.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly check for wear and tear on the bushings and the Case Trim Xpress system to maintain safe operation.
- Always work in a welllit area to enhance visibility during use.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety goggles and gloves while using the bushings to protect against debris and sharp edges.
- **Work Surface:** Ensure that you are working on a stable and secure surface to prevent accidents.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while operating the trimming system.
- **Inspect Before Use:** Check the bushings and the cutter for any damage or defects before each use. Do not use damaged components.
- **Keep Hands Clear:** Maintain a safe distance between your hands and the cutter when trimming cases to avoid injury.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the bushing from its packaging.
- Align the bushing with the corresponding slot on the Case Trim Xpress system.
- Ensure that the bushing is securely attached and locked in place before proceeding.

### 2. Usage:

- Insert the case into the bushing.
- Firmly press the case against the carbide cutter to initiate the trimming process.
- Maintain a steady pressure to achieve a clean and precise cut.
- Once trimming is complete, carefully remove the case and inspect the cut for quality.

### 3. PostUse:

- Clean the bushings and cutter after each use to remove any brass shavings or debris.
- Store the bushings in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations for electronic waste and materials.
- Do not dispose of the bushings in regular household waste.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product concerns, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's official website.

By following these safety instructions, you can ensure a safe and effective experience with the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS. Always prioritize safety and do not hesitate to seek assistance if you have questions or concerns. Thank you for your attention to these important guidelines.
