# Safety Instruction Guide for DELUXE 3DIE SETS 300 WEATHERBY MAGNUM 3 DIE SET

## Introduction

Thank you for choosing the Redding Deluxe 3Die Set for 300 Weatherby Magnum. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure that the die set is used only by individuals who are familiar with reloading ammunition and have received proper training.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling dies and ammunition components.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Regularly inspect the die set for any signs of wear or damage before use. Do not use damaged or worn dies.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosions, burns, and exposure to hazardous materials.

## Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any fumes or dust generated during the reloading process.
- Do not exceed the recommended load specifications for the 300 Weatherby Magnum cartridge.
- Ensure that the reloading press is securely mounted and stable before using the die set.
- Use only the appropriate shellholder for the 300 Weatherby Magnum cartridge (sold separately).
- When adjusting the dies, make small adjustments and test the fit frequently to avoid overtightening.
- Store all reloading components, including powders and primers, in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused or expired reloading components according to local regulations.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Open the die box and carefully remove the dies and accessories.
- Ensure that the reloading press is clean and free of debris.
- Install the fulllength sizing die in the press according to the manufacturer's instructions.
- Follow the same steps to install the standard seating die and neck sizing die, ensuring they are securely tightened.

### 2. Using the Die Set

- Begin by resizing the brass cases using the fulllength sizing die. Follow the specific instructions provided with your reloading press for this step.
- Next, use the neck sizing die for cases that have already been fired in your chamber to achieve a tighter fit.
- Finally, use the standard seating die to seat the bullets to the desired depth. Always doublecheck the seating depth with a caliper.
- Inspect each round for proper fit and function before proceeding to load them into firearms.

### 3. PostUse Care

- After using the die set, clean the dies with a soft cloth to remove any residue.
- Store the die set in its original box, along with the spare decapping pin and hex wrench, to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn dies according to local waste management regulations.
- Unused or expired reloading components should be disposed of in a safe manner, following local regulations for hazardous materials.

## Contact Information for Further Support

For any questions or concerns regarding the DELUXE 3DIE SET 300 WEATHERBY MAGNUM 3 DIE SET, please refer to the manufacturer's website or contact their customer service for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Deluxe Die Set. Always prioritize safety and compliance with local laws when handling ammunition and reloading components.
