Safety Instruction Guide for TYPE S BUSHING NECK DIE SETS 3006 SPRINGFIELD

Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE SETS 3006 SPRINGFIELD. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all instructions carefully to avoid any risks associated with its use.

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a dry, secure location away from children and pets.
- Regularly inspect the die set for signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Handle all reloading components with care to avoid accidents.
- Follow all manufacturer instructions when setting up and using the die set.
- Ensure that the bushing and die are properly aligned before use to prevent misfires or damage.
- Use only the recommended cartridges (3006 Springfield) with this die set.
- Avoid using excessive force during reloading to prevent injury or equipment damage.
- Keep hands and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

1. Unboxing the Product:

- Open the Redding Die Box carefully.
- Remove the Type S Bushing Neck Die, Body Die, wrench, and extra decapping pin from the box.

2. Setting Up the Die:

- Secure the Body Die in the reloading press according to the manufacturer's instructions.
- Install the Type S Bushing Neck Die into the press, ensuring it is tightened securely.
- Choose the appropriate bushing size for your desired neck tension and install it into the Type S Bushing Neck Die.

3. Reloading Process:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the case into the Body Die to resize it.
- Once resized, move the case to the Type S Bushing Neck Die for neck sizing.
- Follow the die settings for adjusting neck tension as needed.
- After reloading, check each cartridge for proper seating and crimping.

4. PostUse Care:

- Clean the dies after use to prevent corrosion and maintain functionality.
- Store the dies in the Redding Die Box to protect them from damage.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not throw away the die set in regular household waste. Instead, check with local authorities for proper disposal methods for metal and reloading components.

Contact Information for Further Support

For any questions or concerns regarding the TYPE S BUSHING NECK DIE SETS 3006 SPRINGFIELD, please contact the manufacturer or refer to the product manual for additional support resources.

Please ensure that you follow these safety instructions to promote a safe reloading experience. Your safety is our priority.
