

FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. FULL LENGTH SIZING DIE, 338 NORMA MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

Attributes

- Name: [FORSTER PRODUCTS, INC. FULL LENGTH SIZING DIE, 338 NORMA MAG](#)

Safety Instruction Guide for Forster Full Length Sizing Dies

Introduction

Thank you for choosing Forster Full Length Sizing Dies. This guide provides important safety instructions and guidelines for the safe use of this product. It is essential to follow these instructions to ensure your safety and the proper functioning of the dies.

General Safety Guidelines

- Ensure that the dies are used only for their intended purpose.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store the dies in a dry, secure location away from children and unauthorized users.
- Regularly check for wear and tear on the dies and replace them if necessary.
- Avoid using the dies if they show signs of damage or malfunction.

Specific Safety Precautions for Use

- **Cartridge Compatibility:** Ensure that the dies are compatible with the 338 Norma Mag cartridge before use.
- **Die Installation:** Follow the manufacturer's instructions for proper installation of the dies in your reloading press.
- **Neck Expanding Operation:** Use the EZ Out Expander button carefully to maintain concentricity of case necks.
- **Heat Treatment:** Be cautious when handling dies immediately after the heattreating process, as they may be hot.
- **Handling of Components:** Handle all reloading components with care to avoid accidental discharge or injury.

Instructions for Installation and Usage

1. Installation:

- Unpack the Forster Full Length Sizing Dies and inspect for any visible damage.
- Securely attach the dies to the reloading press following the provided instructions.
- Adjust the die height according to the specifications for the 338 Norma Mag cartridge.

2. Usage:

- Begin by preparing your cases, ensuring they are clean and free of debris.
- Insert the case into the die and apply consistent pressure during the sizing process.
- Use the EZ Out Expander button to expand the neck, ensuring it is positioned correctly.
- Check the dimensions of the resized cases to ensure they meet specifications.

3. PostUse:

- After use, clean the dies to remove any residue and store them properly.
- Regularly inspect the dies for signs of wear or damage.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw dies in regular household waste; check for recycling programs or hazardous waste disposal options in your area.

Contact Information for Further Support

For further support or inquiries regarding safety concerns, please reach out to your local Forster Products representative or consult the product manual.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Thank you for prioritizing safety in your reloading practices.
