

# LUBE DIES - RCBS LUBE DIE #1

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Decap and lube cases in one step with the RCBS Lube Die. Designed for progressive presses but works just fine in single-stage presses. Four sizes cover 45 popular calibers. It's faster and cleaner than a lube pad; easy to refill with lubrican (RCBS Case Lube 2); standard 7/8"-14 thread.

# Safety Instruction Guide for RCBS Lube Die #1

## Introduction

Thank you for choosing the RCBS Lube Die #1. This innovative product allows you to decap and lube cases in a single step, enhancing your reloading process. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described.
- Keep the Lube Die out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Regularly inspect the Lube Die for any signs of wear or damage before use.
- Follow the manufacturer's instructions for lubrication to avoid any malfunction or accidents.

## Specific Safety Precautions for Use

- Use only RCBS Case Lube 2 or other compatible lubricants to refill the Lube Die.
- Do not exceed the recommended lubrication levels; overlubrication can lead to malfunctions.
- Ensure the Lube Die is securely attached to the press before use to prevent accidents.
- Avoid using the Lube Die if you notice any leaks or signs of damage.
- If you experience any difficulties during use, stop immediately and consult the troubleshooting section of the product manual.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is turned off and unplugged (if applicable).
- Locate the 7/8"14 thread on your press.
- Screw the Lube Die into the press until it is securely fastened.
- Check for any movement; it should be firmly attached.

### 2. Usage:

- Before starting, ensure that you have the correct size die for your caliber. The Lube Die covers 45 popular calibers including 223 Remington, 222 Remington, 17 Remington, and others.
- Apply a small amount of RCBS Case Lube 2 to the Lube Die.
- Insert the case into the die and operate the press according to the manufacturer's instructions.
- After use, clean the Lube Die with a soft cloth to remove any excess lubricant.

## Disposal Instructions

- Dispose of any used lubricants and materials in accordance with local regulations.
- Do not dispose of the Lube Die in regular household waste. Check with local waste management for proper disposal methods.
- If the Lube Die is damaged beyond repair, contact your local recycling center for guidance on disposal.

## Contact Information for Further Support

For any safety inquiries or support related to the RCBS Lube Die #1, please refer to the manufacturer's website

or contact their customer service department.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your RCBS Lube Die #1. Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety in your reloading practices.
