

# TYPE-S ELITE BUSHING DIE SET - REDDING 6X47MM LAPUA BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 6X47MM LAPUA BUSHING DIE SET](#)

# TYPES ELITE BUSHING DIE SET Safety Instruction Guide

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 6X47MM LAPUA BUSHING DIE SET. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow these instructions carefully to avoid any potential hazards and to ensure optimal performance.

## General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating reloading equipment.
- Keep the workspace clean and organized to avoid accidents and ensure safety.
- Store the die set in a dry, secure location away from children and unauthorized users.
- Regularly inspect the equipment for any signs of damage or wear before use.
- Do not use the product for any purpose other than its intended use.

## Specific Safety Precautions for Use

- Be aware of the potential hazards associated with reloading ammunition, including the handling of lead and other materials.
- Ensure that all components used in conjunction with the die set are compatible and in good condition.
- Avoid overworking the brass in the case neck to prevent damage to the material and ensure safety during operation.
- Use bushings that are appropriate for the intended neck diameter and tension, and ensure they are securely in place before use.
- Follow the recommended settings and adjustments carefully to maintain consistent results and avoid accidents.
- Keep all tools and equipment out of reach of children and pets.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components, including the TYPES ELITE BUSHING DIE SET, reloading press, and appropriate bushings.
- Ensure your workspace is clean and free from distractions.

### 2. Installation:

- Secure the Bushing Full Sizing Die in the reloading press according to the manufacturer's instructions.
- Attach the appropriate bushing to the die, ensuring it is properly seated and secure.
- Install the Bushing Neck Sizing Die in the same manner, ensuring it is correctly aligned.

### 3. Usage:

- Adjust the die settings according to the specifications for the cartridge being loaded.
- Insert the brass case into the die and apply steady pressure to size the neck and body as required.
- Monitor the tension and ensure it is set to the desired increment of 0.001".

- After processing, check the brass for any signs of damage or deformation.
- Proceed with the reloading process using the Redding Competition Seating Die for optimal results.

#### **4. PostUse:**

- Clean the dies and bushings after each use to maintain their condition and performance.
- Store the die set in its designated case or storage area to prevent damage.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the TYPES ELITE BUSHING DIE SET, please refer to the contact information provided by the retailer or manufacturer.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Thank you for your attention to safety!
