Safety Instruction Guide for Progressive Stage Press Steel Shot Charge Bar

Introduction

Thank you for choosing the Progressive Stage Press Steel Shot Charge Bar by MEC Reloading. This product is designed for progressive reloaders and is capable of loading shot sizes from 7/8 oz to 1 1/2 oz, including BB sizes down to #6. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Do not modify or attempt to repair the product without consulting the manufacturer.
- Store the product in a dry and secure location when not in use.

Specific Safety Precautions for Use

- Use only approved shot sizes as specified in the product specifications.
- Wear appropriate personal protective equipment, including safety glasses and hearing protection, when reloading.
- Ensure that the charge bar is properly installed before use to prevent malfunctions.
- Avoid overloading the charge bar beyond its specified capacity.
- Handle all materials with care to avoid injury or accidents.
- Follow local laws and regulations regarding the use of reloading equipment and ammunition.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is turned off and unplugged before installation.
- Locate the mounting area for the charge bar on the reloading press.
- Align the charge bar with the mounting area and secure it using the provided hardware.
- Doublecheck that all connections are tight and secure before proceeding.

2. Usage:

- Measure the desired amount of shot according to the specifications of your reloading project.
- Load the shot into the charge bar, ensuring it is evenly distributed.
- Activate the reloading press to dispense the shot into the shell.
- Repeat the process as necessary, monitoring for any irregularities in operation.
- Once reloading is complete, clean the charge bar to remove any residual materials.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste.
- Contact local recycling centers for guidance on how to properly recycle metal components.

Contact Information for Further Support

For any questions or concerns regarding the use of the Progressive Stage Press Steel Shot Charge Bar, please refer to the manufacturer's contact information provided with your product packaging. It is important to address any safety inquiries directly with the manufacturer to ensure compliance with safety standards.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Progressive Stage Press Steel Shot Charge Bar. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your attention to safety and for choosing MEC Reloading products.
