Safety Instruction Guide for PROGRESSIVE STAGE PRESS STEEL SHOT CHARGE BAR

Introduction

Thank you for choosing the PROGRESSIVE STAGE PRESS STEEL SHOT CHARGE BAR by MEC RELOADING. This product is designed for progressive reloaders and allows for the loading of various shot sizes. It is important to follow safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure a safe working environment free from distractions and hazards.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Ensure that the charge bar is compatible with your reloading press model.
- Do not overload the charge bar beyond its specified capacity (11/8 oz).
- Always use appropriate shot sizes as indicated (#3 shot down to #6).
- Avoid using damaged or worn components, as they may lead to malfunctions.
- Ensure proper ventilation when reloading to avoid inhalation of dust or fumes.
- Handle all materials with care, particularly when they are under pressure.
- Never leave the reloading process unattended.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and disconnected from any power source.
- Carefully remove any existing charge bar from the press.
- Align the PROGRESSIVE STAGE PRESS STEEL SHOT CHARGE BAR with the mounting points on your reloading press.
- Securely fasten the charge bar according to the manufacturer's specifications.

2. Usage:

- Prepare your workspace by gathering all necessary materials and tools.
- Set the desired shot weight on the charge bar (between 7/8 oz to 11/2 oz).
- Load the appropriate shot size into the charge bar.
- Follow the reloading press's operational manual to complete the reloading process.
- After use, clean the charge bar to prevent buildup of materials.

Disposal Instructions

- Dispose of any unused or expired materials in accordance with local regulations.
- Recycle the charge bar and any metal components where applicable.
- Do not dispose of materials in regular household waste if they are hazardous.

Contact Information for Further Support

For any questions or concerns regarding the PROGRESSIVE STAGE PRESS STEEL SHOT CHARGE BAR, please refer to the manufacturer's contact information provided with the product. It is crucial to reach out for assistance if you encounter any issues or require further clarification on safety practices.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the PROGRESSIVE STAGE PRESS STEEL SHOT CHARGE BAR. Thank you for prioritizing safety in your reloading activities.
