

# LIGHT WEIGHT SCOPE MOUNT - WINCHESTER 70 .860" REAR 1" LOW SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

## When Every Ounce Counts; The Strength Of Steel Without The Weight

One-piece construction blends the ring and base into a single unit. Eliminating the ring/base joint not only keeps weight to a minimum, it provides a stronger mount. Each ring cap is 5/8" wide, with four, TORX screws, to keep large scopes from slipping or shifting. Designed by Mel Forbes of New Ultralight Arms.

## Attributes

# LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70

## Safety Instruction Guide

### Introduction

Thank you for choosing the LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before installation and usage.

### General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm model. This product is designed for use with Winchester Model 70 and similar models.
- Always follow local laws and regulations regarding firearm modifications and accessories.
- Inspect the scope mount for any visible damage before use. Do not use if damaged.
- Keep this product out of reach of children and unauthorized users.
- Use this product only for its intended purpose as specified in this guide.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installation of the scope mount.
- Use appropriate tools, specifically TORX screws, for installation to avoid damaging the product.
- Do not exceed the recommended weight limit for scopes to prevent failure of the mount.
- Regularly check the tightness of the screws to ensure the scope remains securely mounted.
- Avoid using the scope mount in extreme weather conditions without proper protection, as this may affect performance.
- Do not modify the scope mount in any way, as this may compromise its safety and effectiveness.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including a TORX screwdriver.
- Ensure the firearm is completely unloaded and pointed in a safe direction.

#### 2. Installation:

- Align the scope mount to the receiver of the firearm.
- Insert the TORX screws into the ring caps, ensuring they are seated properly.
- Tighten the screws evenly and securely, but do not overtighten to avoid damaging the mount or the firearm.

#### 3. Scope Attachment:

- Place your scope into the rings of the mount.
- Adjust the position of the scope for optimal eye relief and comfort.
- Secure the scope by tightening the ring caps using the TORX screws provided.

#### 4. Final Checks:

- After installation, check that the scope is securely mounted and does not shift or move when

- handling the firearm.
- Perform a function check to ensure that the scope mount and scope are working correctly.

#### **5. Usage:**

- When using the firearm, always follow safe handling practices.
- Regularly inspect the mount and scope for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of the scope mount in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible to minimize environmental impact.

## **Contact Information for Further Support**

For further support regarding safety inquiries, please refer to the manufacturer's official website or customer support channels. Always ensure that you are using the most up-to-date information for your product.

Thank you for your attention to these safety guidelines. Enjoy your experience with the LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70 responsibly and safely.
