

LIGHT WEIGHT SCOPE MOUNT - WINCHESTER 70 .860" REAR EXT. FRONT 1" LOW SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

When Every Ounce Counts; The Strength Of Steel Without The Weight

One-piece construction blends the ring and base into a single unit. Eliminating the ring/base joint not only keeps weight to a minimum, it provides a stronger mount. Each ring cap is 5/8" wide, with four, TORX screws, to keep large scopes from slipping or shifting. Designed by Mel Forbes of New Ultralight Arms.

LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70

Safety Instruction Guide

Introduction

Thank you for purchasing the LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70. This product is designed to enhance your shooting experience by providing a reliable and lightweight mounting solution for your scope. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm model before installation.
- Always follow the manufacturer's instructions for both the scope and the firearm.
- Store the scope mount in a dry, cool place away from direct sunlight.
- Inspect the scope mount regularly for signs of wear or damage.
- Avoid using the scope mount if it shows any signs of damage or if the screws are loose.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for scopes as specified by the manufacturer.
- Ensure that all screws are tightened to the recommended torque specifications to prevent slippage.
- Be aware of your surroundings when using the firearm with the mounted scope.
- Always treat your firearm as if it is loaded, even when it is not.
- Use appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a TORX screwdriver.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove any existing scope mounts or accessories from the firearm.
- Align the scope mount with the mounting holes on the receiver of the firearm.
- Secure the mount using the provided TORX screws. Tighten each screw gradually and evenly to ensure a proper fit.
- Check that the mount is securely attached and does not move when pressure is applied.

3. Scope Attachment:

- Carefully place the scope into the rings of the mount.
- Adjust the position of the scope for optimal eye relief and alignment.
- Tighten the ring caps using the TORX screws, ensuring the scope is held securely in place.

4. Final Checks:

- Doublecheck all screws and fittings to ensure everything is secure.
- Perform a visual inspection of the scope mount and scope for any signs of misalignment or damage.

5. Usage:

- When using the firearm, maintain a proper shooting stance and aim carefully.
- Regularly check the mount and scope for stability during use.

Disposal Instructions

- Do not dispose of the product in household waste.
- Follow local regulations for the disposal of aluminum and other materials.
- Consider recycling the product if possible, as it is made from 7000 series aluminum.

Contact Information for Further Support

For any safety inquiries or additional support regarding the LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70, please refer to the manufacturer's website or contact their customer service.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your LIGHT WEIGHT SCOPE MOUNT WINCHESTER 70. Always prioritize safety and adhere to best practices while using your firearms and accessories. Thank you for your attention to these guidelines.
