

# **LIGHT WEIGHT SCOPE MOUNT - BROWNING X-BOLT 1" HIGH MOUNTS**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

## **When Every Ounce Counts; The Strength Of Steel Without The Weight**

One-piece construction blends the ring and base into a single unit. Eliminating the ring/base joint not only keeps weight to a minimum, it provides a stronger mount. Each ring cap is 5/8" wide, with four, TORX screws, to keep large scopes from slipping or shifting. Designed by Mel Forbes of New Ultralight Arms.

## **Attributes**

# **LIGHT WEIGHT SCOPE MOUNT BROWNING XBOLT 1" HIGH MOUNTS Safety Instruction Guide**

## **Introduction**

Thank you for choosing the LIGHT WEIGHT SCOPE MOUNT BROWNING XBOLT 1" HIGH MOUNTS. This product is designed to provide a secure and reliable mounting solution for your scope. To ensure safe and effective use, please read this safety instruction guide carefully. It covers essential safety guidelines, precautions for use, installation instructions, and disposal information.

## **General Safety Guidelines**

- Ensure that the scope mount is compatible with your Browning XBolt firearm before installation.
- Always handle firearms and accessories with care. Follow all safety protocols when using firearms.
- Inspect the scope mount for any damage or defects before use. Do not use if damaged.
- Store the scope mount in a safe place, away from children and unauthorized users.
- Follow local laws and regulations regarding firearm accessories.

## **Specific Safety Precautions for Use**

- Use only the recommended scope sizes with this mount. This mount is designed for 1" diameter scopes unless otherwise specified.
- Do not exceed the weight limit of the mount. Ensure that your scope does not exceed the recommended weight.
- When tightening the TORX screws, do not overtighten, as this may damage the mount or the firearm.
- Regularly check the mount for signs of wear or loosening after use. Retighten screws as necessary.
- If you experience any issues with the mount or your scope, consult a qualified gunsmith before further use.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather the necessary tools: a TORX screwdriver and a clean workspace.
- Ensure that your Browning XBolt firearm is unloaded and in a safe condition.

### **2. Installation:**

- Align the mount with the mounting holes on the receiver of the firearm.
- Place the mount onto the receiver and ensure it fits securely.
- Insert the provided TORX screws into the ring caps and fingertighten them.
- Using the TORX screwdriver, tighten the screws in a crisscross pattern to ensure even pressure. Do not overtighten.
- Ensure the mount is securely attached and does not move when tested.

### **3. Scope Attachment:**

- Place your 1" diameter scope into the mount.
- Adjust the scope position as needed for optimal eye relief and comfort.
- Secure the scope by tightening the ring caps using the TORX screws. Again, use a crisscross pattern for even pressure.

### **4. Final Check:**

- After installation, doublecheck all screws for tightness and ensure the scope is secure.
- Test the mount by gently shaking the firearm to ensure there is no movement.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for nonhazardous materials.
- If the product is damaged or no longer in use, consider recycling parts where applicable.
- Do not dispose of the product in regular household waste if it can be recycled or repurposed.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the LIGHT WEIGHT SCOPE MOUNT BROWNING XBOLT 1" HIGH MOUNTS, please refer to the contact information provided by your retailer or manufacturer.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your scope mount. Thank you for your attention to safety and for choosing our product.
