

LIGHT WEIGHT SCOPE MOUNT - WINCHESTER XPR 1" LOW 0 MOA SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

When Every Ounce Counts; The Strength Of Steel Without The Weight

One-piece construction blends the ring and base into a single unit. Eliminating the ring/base joint not only keeps weight to a minimum, it provides a stronger mount. Each ring cap is 5/8" wide, with four, TORX screws, to keep large scopes from slipping or shifting. Designed by Mel Forbes of New Ultralight Arms.

Attributes

LIGHT WEIGHT SCOPE MOUNT WINCHESTER XPR 1" LOW 0 MOA SCOPE MOUNT Safety Instruction Guide

Introduction

Thank you for choosing the LIGHT WEIGHT SCOPE MOUNT WINCHESTER XPR 1" LOW 0 MOA SCOPE MOUNT. This guide provides essential safety instructions and information to ensure the safe and effective use of your scope mount. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the scope mount for any visible defects or damage before installation.
- Keep the scope mount and all associated tools out of reach of children and vulnerable individuals.
- If you experience any difficulties during installation or usage, seek assistance from a qualified professional.
- Report any unsafe products or incidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the scope mount is compatible with your firearm and scope specifications.
- Do not exceed the specified weight limit for the scope mount to prevent failure.
- Always use the provided TORX screws securely to prevent the scope from slipping or shifting.
- Avoid using the scope mount in extreme weather conditions or environments that may cause corrosion or damage.
- Ensure that the mount is installed correctly to avoid any misalignment that could affect accuracy.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a TORX screwdriver.
- Ensure that the firearm is unloaded and in a safe condition before beginning installation.

2. Installation Steps

- Align the scope mount with the receiver of your firearm.
- Using the provided TORX screws, secure the mount to the receiver. Ensure each screw is tightened evenly to avoid misalignment.
- Place your scope into the rings of the mount, ensuring it is level and properly aligned.
- Tighten the ring caps using the TORX screws, ensuring the scope is secure but not overtightened to avoid damage.

3. PostInstallation Check

- After installation, doublecheck that all screws are tightened and that the scope is securely mounted.
- Perform a visual inspection to ensure there are no gaps or misalignments.

4. Usage

- When using the firearm with the mounted scope, ensure you are familiar with the operation of both the firearm and the scope.
- Regularly check the mount for any signs of wear or loosening during use.

Disposal Instructions

- Dispose of any packaging materials and components in accordance with local regulations.
- If the product is no longer in use, ensure it is disposed of safely to prevent any potential hazards to others.

Contact Information for Further Support

For any questions or concerns regarding the LIGHT WEIGHT SCOPE MOUNT WINCHESTER XPR 1" LOW 0 MOA SCOPE MOUNT, please refer to the manufacturer's website or customer service resources for additional information and support.

Thank you for following these safety instructions. Enjoy your shooting experience with confidence and safety!
