

AR-10 (DPMS high) Bipod - BLK LBL BIPOD AR-10 (DPMS high) - Bipod - 14"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER

Balanced. Integrated. Accurate.

The *BLK LBL Bipod's* innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

BLK LBL was borne out of the question:

Why is something as practical as a bipod still an impractical attachment?

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

A Passion for Precision

With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance.

Competitive & Sport Shooters

The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand.

Outdoorsmen & Hunters:

The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills.

Law Enforcement & Armed Forces:

Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance.

Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation.

Manufactured specifically for integration with AR-10 rifles, this exclusive BLK LBL bipod is crafted from durable anodized aluminum and stainless steel and features our revolutionary barrel-through design, swiveling ball-and-socket joint and extendable, rear-folding integrated legs.

A replacement barrel nut is included and mounts to any mil-spec upper receiver using a standard armourers wrench.

Requires the rifle to have a low profile gas block.

Attributes

- Name: [BLK LBL BIPOD AR-10 \(DPMS high\) - Bipod - 14"](#)
- Manufacturer: [BLK LBL BIPOD](#)
- Product no.: EU2002657
- Mfr. No.: AR1014-DPMS-HIGH
- Colour: Black
- Length: 14"
- Length (Inches): 14"
- Model: AR-10
- Type: Free Float
- Weapon type: AR .308
- Delivery weight: 1.03kg
- EAN/UPC: AR1014-DPMS-HIGH

BLK LBL BIPOD AR10 Safety Instruction Guide

Introduction

Thank you for choosing the BLK LBL BIPOD AR10. This bipod is designed to enhance your shooting experience by providing stability and accuracy. To ensure safe and effective use of this product, please read and follow the safety guidelines outlined in this instruction guide.

General Safety Guidelines

- Always ensure the rifle is unloaded before attaching or detaching the bipod.
- Inspect the bipod before each use for any signs of damage or wear.
- Use the bipod only with compatible AR10 rifles that have a low profile gas block.
- Keep the bipod and its components out of reach of children and unauthorized users.
- Do not exceed the manufacturer's recommended weight limit for the bipod.
- Ensure all adjustments are secure before using the bipod.

Specific Safety Precautions for Use

- When deploying the bipod, ensure the legs are fully extended and locked into place.
- Avoid placing the bipod on unstable or uneven surfaces that may cause it to tip over.
- Be mindful of your surroundings when using the bipod, especially in outdoor settings.
- If using the bipod in adverse weather conditions, ensure it is dry and free from ice or snow to maintain stability.
- Always maintain a safe shooting distance from others when using the bipod.

Instructions for Installation and Usage

Installation

1. Ensure the rifle is unloaded and pointed in a safe direction.
2. Use the included replacement barrel nut and attach it to the rifle's milspec upper receiver with a standard armorer's wrench.
3. Align the bipod with the barrel and secure it according to the manufacturer's instructions.
4. Confirm that the bipod is securely attached before proceeding.

Usage

1. To deploy the bipod, pull the legs down until they click into place.
2. Adjust the leg length as needed to level your rifle and ensure a stable shooting position.
3. Utilize the ball and socket joint to achieve the desired angle for improved target acquisition.
4. After use, fold the bipod legs back to the rear, ensuring they are flush with the hand guard.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the bipod in household waste if it contains any hazardous materials.
- Consider recycling the bipod components where possible.

Contact Information for Further Support

For any safety inquiries, product support, or recall information, please refer to the relevant authorities or your point of purchase. It is important to stay informed about product safety updates and recalls through official channels.

By following these guidelines, you can ensure a safe and enjoyable experience with your BLK LBL BIPOD AR10. Thank you for your attention to safety, and happy shooting!
