

CKYE-POD Gen2 Bipods - MDT CKYE-POD, Arca, Heavy Duty

If you're a hunter or a match shooter looking for a game-changing piece of gear, look no further than the MDT Bipod. Quality craftsmanship and fast, simple, one-handed adjustments make this bipod the ultimate platform for stability and versatility. This bipod is a true work of art, featuring 3 locking positions from front to back - stowed, angled and down. MDT CKYE-POD is in a league of its own with quick single-handed adjustable height, allowing you to achieve from 4.5" to 15.5", paired with 170 degrees of cant, 360 degrees of pan capability (sling swivel stud version does not pan), and an integrated barricade stop. Mix and match the independent leg heights and angles to create the perfect shooting position, every time.

MDT CKYEPOD Gen2 Bipod Safety Instruction Guide

Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This guide provides essential safety instructions to ensure the safe use and maintenance of your bipod. Please read this document carefully before using the product to understand its features and safety precautions.

General Safety Guidelines

- Ensure that the bipod is used only for its intended purpose, which is to provide stability for shooting.
- Regularly inspect the bipod for any signs of damage or wear before each use.
- Always use the bipod on stable and level surfaces to prevent it from tipping over.
- Keep the bipod out of reach of children and pets when not in use.
- Do not exceed the weight limit specified by the manufacturer to avoid structural failure.
- Be aware of your surroundings and ensure that you have a clear line of sight when using the bipod.

Specific Safety Precautions for Use

- Always ensure the bipod is securely locked in the desired position before use.
- Avoid placing your hands or fingers near the locking mechanisms while adjusting height or angle.
- When adjusting the height of the bipod, do so slowly and carefully to prevent sudden movements.
- Be cautious when using the bipod on uneven terrain, as it may affect stability.
- If using the bipod in adverse weather conditions, check for water or mud accumulation that may affect its performance.
- Ensure that all accessories attached to the bipod are securely fastened.

Instructions for Installation and Usage

1. Unpacking the Bipod

- Carefully remove the bipod from its packaging.
- Inspect all components to ensure nothing is damaged or missing.

2. Setting Up the Bipod

- Place the bipod on a flat, stable surface.
- Extend the legs to the desired height by pressing the locking mechanism and adjusting accordingly.
- Lock the legs in place securely.

3. Adjusting the Bipod

- To adjust the angle, release the locking mechanism, tilt the bipod to the desired angle, and lock it again.
- For panning (if applicable), ensure the mechanism is set for smooth movement.

4. Using the Bipod

- Position your firearm securely on the bipod.
- Ensure that the firearm is stable and does not shift during use.
- Always keep your finger off the trigger until you are ready to shoot.

5. PostUse Care

- After use, retract the bipod legs and store it in a safe place.
- Clean the bipod with a soft cloth to remove any dirt or debris.

Disposal Instructions

- When the bipod has reached the end of its life cycle or is no longer usable, dispose of it in accordance with local regulations.
- Separate metal components from plastic parts, if applicable, for recycling.
- Do not dispose of the bipod in household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MDT CKYEPOD Gen2 Bipod, please contact your local MDT representative or authorized dealer.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT CKYEPOD Gen2 Bipod. Always prioritize safety and stay informed about best practices for using shooting accessories. Thank you for your attention to safety and for choosing MDT products.
