Alpha Precision MagHolster

The "MagHolster" magazine holster allows the shooter optimal and uncomplicated access to his magazines.

Ready to adapt to you:

Thanks to its **spring-mechanism**, the Alpha Precision MagHolster can, variably and without adjustment, accommodate magazines with the following dimensions:

Depth: 30-36mm

Width: 19-29mm

The MagHolster thus makes it much easier to switch between different magazines and ensures that the magazine is held securely in it's holster, as it is fixed from two sides.

Thanks to the variable **Easyklick** technology, an uncomplicated adjustment of the holster without tools is finally possible!

- Release the lever
- Adjust the holster (360°)
- Lock lever

Assembly:

The holster is attached to the IPSC belt without tools.

The belt loop opens by pressing both release buttons.

After inserting the belt, the back plate can simply be snapped back into place.

Optimal hold:

The MagHolster is set to wide IPSC belts up to 53mm by default.

- Reduction variable 53-40mm via enclosed Allen key possible.

The MagHolster is made of high-quality plastic in an injection molding process.

Scope of delivery:

- 1x holster including belt attachment
- 1x wrench to adjust the belt width
- 1x spare screw

Due to its automatic adjustment to the magazine, the MagHolster can be used with the magazines of different handguns as well as e.g. when changing handguns and 9mm AR-15 without adjustment work.

Alpha Precision MagHolster Safety Instruction Guide

Introduction

Thank you for choosing the Alpha Precision MagHolster. This guide provides essential safety instructions to ensure the safe and effective use of your magazine holster. Please read this guide carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a magazine holster.
- Regularly inspect the MagHolster for any signs of wear or damage before each use.
- Keep the MagHolster out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use magazines that fit within the specified dimensions:
 - Depth: 3036mm
 - Width: 1929mm
- Ensure the magazine is securely held in the holster before use.
- Do not attempt to modify the holster in any way that is not recommended in this guide.
- Always ensure the holster is properly attached to your IPSC belt before use.
- Use caution when releasing the lever to adjust the holster; ensure no body parts are in the way.

Instructions for Installation and Usage

Installation

1. Attach the Holster to the Belt:

- Place the holster against your IPSC belt.
- Press both release buttons to open the belt loop.
- Insert the belt into the loop.
- Snap the back plate back into place to secure the holster.

2. Adjust the Belt Width:

- The MagHolster is set to accommodate wide IPSC belts up to 53mm by default.
- If necessary, reduce the size to 40mm using the enclosed Allen key.

Usage

• Loading the Magazine:

- Insert the magazine into the holster, ensuring it fits securely.
- Adjust the holster position by releasing the lever and rotating it up to 360° as needed.
- Lock the lever back into place once the desired position is achieved.

• Switching Between Magazines:

- The MagHolster allows for easy switching between different magazines without adjustment.
- Ensure the magazine is properly seated in the holster before use.

Disposal Instructions

- Dispose of the MagHolster responsibly, adhering to local regulations for plastic waste.
- If the product is damaged or no longer in use, do not discard it in regular waste. Instead, consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Alpha Precision MagHolster, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.
