Get more accuracy out of your factory rifle by upgrading with the Field Stock. The traditionally shaped polymer stock provides comfort and warmth in cold weather. Improve accuracy with the aluminum v-block bedding and a free-floating barrel. The adjustable buttstock allows you to be more comfortable for long-range shots.

The Field Stock is configurable for any shooting discipline. In addition to the included sling swivel studs, the M-LOK forend enables you to customize accessories for hunting, competition, or casual long-range shooting.

Our integrated aluminum core incorporates V-Block bedding giving you a solid connection for your rifle while free floating your barrel. This allows your rifle to be more accurate shot after shot and not be affected by temperature or humidity. It's ready for any hunt or day at the range, no matter the weather.

# Field Stock HOWA1500 SA RH MDT Chassis Safety Instruction Guide

## Introduction

Thank you for choosing the Field Stock HOWA1500 SA RH MDT Chassis. This guide provides important safety information and instructions to ensure the safe and effective use of your rifle stock. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that you read and understand all safety instructions before using the product.
- Always treat your rifle as if it is loaded, even if you believe it is not.
- Store the rifle and stock in a secure location, away from children and unauthorized users.
- Regularly inspect your rifle stock for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Use the Field Stock only with compatible rifles to prevent malfunctions or accidents.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Specific Safety Precautions for Use

- Do not modify the Field Stock in any way that could compromise its structural integrity.
- Ensure that the buttstock is properly adjusted before use to maintain comfort and control.
- Always check that the sling swivel studs are securely attached before using them.
- Avoid using the rifle stock in extreme weather conditions unless specifically designed for such use.
- Be cautious of the barrel temperature after firing; allow it to cool before handling.
- If you notice any irregularities in performance or handling, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### Installation

1. **Remove the Existing Stock:** Carefully detach the existing stock from your HOWA1500 rifle by following the manufacturer's instructions.
2. **Align the Field Stock:** Position the Field Stock on the rifle chassis, ensuring that all mounting points align correctly.
3. **Secure the Stock:** Use the provided screws and tools to fasten the Field Stock securely to the rifle. Ensure all screws are tightened to prevent movement during use.
4. **Adjust the Buttstock:** Set the adjustable buttstock to your preferred length for optimal comfort and control.
5. **Attach Accessories:** Utilize the MLOK forend to attach any accessories you may require for hunting or shooting.

### Usage

- Always wear appropriate eye and ear protection when using your rifle.
- Before shooting, ensure that the area is clear of obstructions and that you have a safe backstop.
- Practice safe shooting techniques and maintain control of your rifle at all times.
- After use, clean and maintain your rifle and stock according to the manufacturer's recommendations.

## **Disposal Instructions**

- Dispose of the Field Stock responsibly, following local regulations for waste disposal.
- If the product is damaged beyond use, consider recycling materials where possible, such as aluminum components.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
