

Full Length Die 1 1/4 - Full Length Die 300 Pegasus

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 300 Pegasus Safety Instruction Guide

Introduction

Thank you for purchasing the Full Length Die 1 1/4 Full Length Die 300 Pegasus. This guide provides important safety instructions, usage guidelines, and disposal instructions to ensure your safety and the proper functioning of the product. Please read this guide carefully before using the die.

General Safety Guidelines

To ensure safe use of the Full Length Die 1 1/4, please adhere to the following guidelines:

- Always use the die in a wellventilated area.
- Keep the work area clean and organized to prevent accidents.
- Ensure that all tools and equipment are in good working condition before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for wear or damage before each use.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

When using the Full Length Die, please observe the following precautions:

- **Calibration:** Ensure the die is properly calibrated before use to avoid incorrect sizing of cartridge cases.
- **Handling:** Handle the die with care to prevent injury. Avoid placing fingers near moving parts during operation.
- **Replacement Parts:** Only use manufacturerapproved replacement parts for the expander and ejector pin to maintain safety and functionality.
- **Lock Nut:** Always secure the die in the press using the lock nut to prevent movement during operation.
- **Accidental Activation:** Ensure the press is not activated accidentally while setting up the die.
- **Cleaning:** Regularly clean the die to prevent buildup of debris that could affect performance.

Instructions for Installation and Usage

Follow these steps to install and use the Full Length Die safely:

1. Installation:

- Ensure that your reloading press is compatible with the Full Length Die 1 1/4.
- Securely attach the die to the press using the provided lock nut.
- Confirm that the die is positioned correctly and is firmly in place.

2. Calibration:

- Insert a cartridge case into the die.
- Activate the press to push the case into the die. This will calibrate the neck from the inside.
- Check the neck tension to ensure it meets your specifications.

3. Usage:

- After calibration, proceed with the reloading process as per your specific requirements.
- Monitor the die during operation to ensure it is functioning correctly.

- If you notice any issues, stop using the die immediately and inspect it for damage.

4. PostUsage:

- Clean the die thoroughly after each use to maintain its performance.
- Store the die in a safe, dry place away from children and pets.

Disposal Instructions

When the Full Length Die is no longer usable or has reached the end of its life cycle, please follow these disposal instructions:

- Check local regulations for proper disposal of metal products.
- If possible, recycle the die according to local recycling guidelines.
- Do not dispose of the die in regular household waste.
- Ensure that any used parts are disposed of safely to prevent injury.

Contact Information for Further Support

For any inquiries regarding the Full Length Die 1 1/4 Full Length Die 300 Pegasus, including safety concerns or product support, please reach out to the manufacturer or your point of purchase.

Thank you for prioritizing safety while using the Full Length Die. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
