

Full Length Die 1 1/4 - Full Length Die 338 Blaser Mag

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 338 Blaser Mag Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 338 Blaser Mag. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the die and retain it for future reference.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- Ensure that your workspace is clean and organized to minimize the risk of accidents.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use. Do not use if damaged.
- Follow all manufacturer instructions and guidelines for safe operation.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** The die is designed for sizing cartridge cases. Improper use may lead to injury or damage.
- **Avoid Pinch Points:** Be cautious of moving parts when operating the die to prevent pinching or crushing injuries.
- **Proper Calibration:** Ensure the die is properly calibrated before use to avoid incorrect sizing and potential malfunction.
- **Use Compatible Equipment:** Only use the die with compatible reloading presses to ensure safety and effectiveness.
- **Follow Load Data:** Always adhere to recommended load data when reloading to prevent overpressure situations.

Instructions for Installation and Usage

1. Installation:

- Securely attach the die to the reloading press using the lock nut.
- Ensure the die is positioned correctly to avoid misalignment during operation.

2. Usage:

- Insert the cartridge case into the die and apply even pressure to size it fully.
- The neck of the case will be calibrated from the inside as it is moved out of the die.
- Monitor the sizing process closely to ensure consistent neck tension.
- If necessary, replace the expander and ejector pin with minimal effort.

3. PostUse:

- After use, clean the die to remove any debris or residue.
- Store the die in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the die and any damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste if it is damaged or no longer usable.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 338 Blaser Mag, please refer to the manufacturer's contact information provided in the product packaging or manual. Always ensure you have the latest information for safety inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your Full Length Die 1 1/4 Full Length Die 338 Blaser Mag. Thank you for your attention to safety and proper usage.
