

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that you are using the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Use the product only for its intended purpose.
- Ensure that the workspace is clean and free from distractions while using the die.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Avoid wearing loose clothing or jewelry that could become entangled in the equipment.
- Do not exceed the maximum recommended load specifications for the die.
- Ensure that the die is properly secured to the reloading press before use.
- Always handle ammunition and components with care to prevent accidental discharge.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity while operating the die.

Instructions for Installation and Usage

1. Preparation:

- Read the manual thoroughly before beginning installation.
- Gather all necessary tools and components.

2. Installation:

- Secure the BenchRest Neck Die to the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired setting based on the specifications of the bullet being used.

3. Usage:

- Insert the cartridge case into the die.
- Place the bullet into the case mouth.
- Operate the reloading press to seat the bullet, ensuring that the cartridge case receives perfect axial guidance.
- Check for proper bullet seating depth and concentricity after each operation.

4. PostUse:

- Clean the die after use to remove any residue.
- Inspect the die for wear or damage and replace any worn components as necessary.

Disposal Instructions

- Dispose of any worn or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management facilities for proper disposal methods of reloading components.

Contact Information for Further Support

For any inquiries or support regarding the BenchRest Neck Die, please refer to the manufacturer's contact information provided in the product manual. Ensure that you have the product details ready when reaching out for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety.
