

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 7x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide high precision in seating match bullets while ensuring safe use. Please read this safety instruction guide carefully to ensure proper and safe handling of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe operation.
- Ensure that the work area is welllit and free from clutter.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Be aware of your surroundings and avoid distractions while using the product.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the BenchRest Neck Die is compatible with the cartridges you are using.
- Use the product only for its intended purpose, which is to seat match bullets.
- Avoid overtightening the die, as this may cause damage or malfunction.
- Always use the correct type of seater head for the bullet being used to improve concentricity.
- Do not modify or alter the product in any way, as this may compromise safety.
- Keep hands and clothing away from moving parts during operation.
- If you experience any issues during use, stop immediately and consult the manual for troubleshooting.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Carefully screw the BenchRest Neck Die into the reloading press, ensuring it is tightened appropriately without overtightening.
- Select the appropriate seater head for the bullet type you are using and install it according to the manufacturer's instructions.

2. Usage:

- Begin by preparing your cartridge cases according to standard reloading practices.
- Insert a cartridge case into the die and ensure it is seated properly.
- Place the bullet into the case mouth and gently lower the seater head onto the bullet.
- Apply consistent pressure to the handle of the reloading press to seat the bullet.
- Inspect the finished cartridge for proper seating and concentricity.
- Repeat the process for additional cartridges, ensuring to follow the same steps for consistency.

Disposal Instructions

- Dispose of any unused or damaged cartridges and components in accordance with local regulations.
- Do not dispose of the BenchRest Neck Die in regular household waste.
- Check with local waste management authorities for proper disposal methods of metal products.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's manual or contact your local retailer for assistance. It is important to ensure that you have access to proper support for any safety inquiries related to this product.

By following these guidelines, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety, and happy reloading!
