

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 300 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide precision and reliability in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of reloading equipment.
- Always wear appropriate safety gear, including eye protection and gloves, when using this product.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a secure location, out of reach of children and pets.
- Regularly inspect the die for wear and damage before each use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Do not use the die for any purpose other than its intended use.
- Ensure that the cartridge case is compatible with the die specifications.
- Avoid using excessive force when seating bullets, as this can lead to misalignment and potential hazards.
- Always check for proper bullet seating and ensure there is no bullet runout before proceeding.
- If you notice any unusual behavior during operation, stop using the die immediately and inspect it for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted on a stable surface.
- Remove any existing dies from the press, if applicable.
- Thread the BenchRest Neck Die into the press using the 1 1/4 thread size.
- Tighten securely, but do not overtighten, to avoid damage.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Place the bullet on the case mouth.
- Slowly pull the press handle to seat the bullet. Monitor for any resistance or misalignment.
- After seating, check the bullet for proper alignment and concentricity.
- Repeat the process for additional cartridges, ensuring consistent handling.

## Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling programs in your area for metal components.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die 1 1/4, please consult the product manual or reach out to your retailer for assistance. It is important to address any safety inquiries promptly to ensure safe usage of your reloading equipment.

By following these guidelines, you can ensure a safe and effective reloading experience with your BenchRest Neck Die 1 1/4. Always prioritize safety and stay informed about best practices in reloading. Thank you for being a responsible user!
