

Full Length Die 1 1/2 - Full Length Die 460 Steyr

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/2 Full Length Die 460 Steyr Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/2 Full Length Die 460 Steyr. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the die to ensure that you understand all safety precautions and operational guidelines.

General Safety Guidelines

- Always read the manufacturer's instructions before use.
- Ensure that the die is used in accordance with the manufacturer's specifications.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die regularly for any signs of wear or damage.
- Do not modify the die in any way that could compromise its safety or performance.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the die is properly secured in the press before use.
- Calibrate the die according to the manufacturer's instructions to ensure correct neck tension.
- Always handle cartridges with care to avoid injury.
- Do not exceed the recommended limits for cartridge sizing.
- Be aware of your surroundings and ensure that no one is in close proximity while using the die.
- Follow all local regulations regarding the handling and storage of ammunition components.

Instructions for Installation and Usage

1. Installation

- Ensure that the press is clean and free of debris before installation.
- Secure the die in the press using the lock nut to maintain its position during operation.
- Check that the expander and ejector pin are properly installed and functioning.

2. Usage

- Insert the cartridge case into the die slowly and steadily.
- Apply even pressure to size the cartridge case fully.
- Once the case is sized, carefully remove it from the die.
- Inspect the sized cartridge case for any defects or irregularities before use.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, follow local guidelines for the disposal of metal and mechanical components.
- Ensure that any hazardous materials are disposed of properly to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or operational guidance, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

Thank you for your attention to these safety instructions. Enjoy using your Full Length Die 1 1/2 Full Length Die 460 Steyr safely and responsibly.
