

# Chassis System XRS Savage Axis SA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT XRS Chassis System is designed for shooters seeking the traditional feel of a rifle stock with the cutting-edge advantages of a modern precision chassis. Combining classic ergonomics with advanced functionality, the XRS is the ultimate crossover stock for hunting, target shooting, or competition.

1. **Precision-Engineered Core:** Constructed from a full-length CNC-machined 6061 aircraft-grade aluminum core, the XRS maximizes strength and rigidity for enhanced accuracy.
2. **Durable Polymer Panels:** High-strength, textured polymer panels provide insulation from the elements, ensuring comfortable operation in any environment.
3. **Adjustable Ergonomics:** Featuring adjustable length of pull (13.25" to 15+") and a quick-adjust cheek piece, the XRS allows for a custom fit tailored to your scope and shooting style.
4. **Interchangeable Grips:** Includes both an angled grip and a vertical grip, allowing shooters to easily achieve ideal hand placement and trigger pull.
5. **Accessory-Ready Forend:** A generous 12" forend with integrated M-LOK slots supports the addition of ARCA or Picatinny rails, bipods, and other accessories, making the chassis highly versatile. AICS Magazine Compatibility Accepts standard AICS-pattern magazines with an ambidextrous latch for easy operation.
6. **Customizable Performance:** Configure your XRS with optional MDT accessories, such as the Enclosed Forend, Forend Weight, and Buttstock Spacer Weight, to suit any discipline or shooting scenario.

Weighing just 1.7kg (depending on inlet), the MDT XRS Chassis System is the ideal upgrade for factory rifles or the foundation for custom builds. With its fusion of traditional rifle stock ergonomics and modern precision features, the XRS delivers unparalleled performance for hunting, plinking, or the competition stage. Experience the ultimate in adaptability, durability, and precision with the MDT XRS Chassis System.

## Safety Instruction Guide

### Introduction

Thank you for choosing the MDT Chassis System XRS Savage Axis SA RH. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully and keep it for future reference.

### General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product specifications.
- Always follow local laws and regulations regarding the use of firearms and related accessories.
- Regularly inspect the chassis system for any signs of damage or wear. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) when handling firearms, such as eye protection and hearing protection.
- Be aware of your surroundings and ensure a safe environment when using the chassis system.

### Specific Safety Precautions for Use

- **Handling Firearms:** Always treat firearms as if they are loaded. Keep the muzzle pointed in a safe direction and your finger off the trigger until ready to shoot.
- **Installation:** Follow the installation instructions carefully to avoid improper setup, which may lead to accidents.
- **Adjustments:** Make sure all adjustments, such as length of pull and cheek piece height, are securely locked before use.
- **Accessories:** Only use accessories that are compatible with the MDT Chassis System. Verify compatibility before installation.
- **AICS Magazines:** Ensure that only standard AICS pattern magazines are used, and verify that the latch operates smoothly.
- **Storage:** Store the chassis system and any attached firearms in a secure location to prevent unauthorized access.

### Instructions for Installation and Usage

#### 1. Installation:

- Carefully unpack the chassis system and check for all included components.
- Follow the manufacturer's instructions for attaching the chassis to your Savage Axis SA rifle.
- Ensure that all screws and fittings are tightened securely to prevent movement during use.

#### 2. Adjusting the Chassis:

- Adjust the length of pull by sliding the buttstock to the desired position and securely locking it in place.
- Adjust the cheek piece height using the quickadjust mechanism to align your eye with the scope.

#### 3. Using the Chassis:

- Position the rifle comfortably against your shoulder and ensure a proper grip.
- Use the interchangeable grips to find the most comfortable hand placement for your shooting style.

- When using the forend, attach any accessories (e.g., bipods) securely using the integrated MLOK slots.

#### 4. **PostUse Care:**

- Clean the chassis system regularly to remove dirt and debris.
- Inspect all components for wear or damage and replace any parts as necessary.

## **Disposal Instructions**

- When disposing of the MDT Chassis System, follow local regulations for the disposal of aluminum and plastic materials.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents unauthorized use.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Chassis System XRS Savage Axis SA RH, please refer to the manufacturer's contact information included with your product packaging.

## **Conclusion**

The MDT Chassis System XRS Savage Axis SA RH is designed to enhance your shooting experience while ensuring safety and performance. By following this safety instruction guide, you can enjoy your product responsibly and effectively. Always prioritize safety and compliance with local laws and regulations. Thank you for your purchase.
