

# Chassis Oryx - MDT Chassis - Oryx - Howa 1500 - LA - 3.850 - RH - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. Its original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT Chassis Oryx Howa 1500 LA 3.850 RH FDE Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis Oryx for your Howa 1500 rifle. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this document carefully before using the chassis.

## General Safety Guidelines

- Ensure that the chassis is compatible with your rifle model before installation.
- Always handle firearms with care and follow all safety protocols.
- Keep the chassis and all components out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage.
- Do not modify the chassis in any way that could compromise its safety or functionality.
- Store the chassis in a secure location when not in use.

## Specific Safety Precautions for Use

- Use the chassis only with compatible rifles and accessories.
- Ensure that all weights are securely attached before use to avoid accidents.
- When adjusting the weight and balance, do so in a safe environment where the rifle is pointed in a safe direction.
- Be aware of the maximum weight capacity of the chassis and do not exceed it.
- Always wear appropriate safety gear, including eye protection, when using the rifle with the chassis.
- Follow local laws and regulations regarding the use of firearms and firearm accessories.

## Instructions for Installation and Usage

### 1. Installation of the Chassis:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Remove the existing stock from the rifle according to the manufacturer's instructions.
- Align the action of the rifle with the MDT chassis and secure it using the provided screws.
- Check that all screws are tightened to the manufacturer's specifications.

### 2. Adjusting Weights:

- To add or remove weights, locate the designated areas on the buttstock and forend of the chassis.
- Carefully insert or remove weights as needed, ensuring they are securely fastened.
- Test the balance of the rifle after adjustments to ensure it meets your preferences.

### 3. Using the Chassis:

- Familiarize yourself with the MDT Elite Grip and the XTN buttstock interface.
- Load your rifle only when you are ready to shoot and in a safe environment.
- Maintain control of the rifle at all times and be aware of your surroundings.

## Disposal Instructions

- Dispose of the chassis and any associated components in accordance with local regulations.
- If the chassis is damaged beyond repair, consider recycling materials where applicable.

- Do not dispose of the chassis in regular household waste.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the official MDT website or your local dealer for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Chassis Oryx. Thank you for prioritizing safety and compliance with EU General Product Safety Regulation.
