TriggerTech ACE Glock Adjustable Trigger System - Black Competitive Special Curved

A New Standard for Glock Triggers.

The TriggerTech ACE isn't just an upgrade. It's a total redefinition of what your Glock can do. Born from three years of R&D, this fully modular, adjustable trigger system brings 1911-level precision to your polymer pistol — with durability, tunability, and safety built in.

Built for Control. Tuned for You. Experience a clean, crisp break with a pull weight adjustable from 2.5 to 6.0 lbs. Zero Creep Technology™ eliminates grit. CLKR™ Technology lets you fine-tune every ounce of pull. You set the take-up, break, and reset — exactly how you like it.

Full Compatibility. No Compromises. Fits Gen 1–5 standard-frame Glocks in 9mm and .40 S&W.* (*Gen 5 requires a small frame tab to be removed — see instructions.) Not compatible with Slimline models (G36, G42, G43, G48).

Three Modules. Total Freedom. Lever Module - Black Flat

Disconnect Module

Ships with a heavy lever spring installed. Includes a light spring and a reduced-weight plunger safety spring. Combine spring sets and adjust with the CLKR screw to find your perfect feel.

Engineered to Outperform. Separate sear and disconnect modules (not a one-piece connector)

True pivoting firing pin safety — no drag, no grit

Safety Without the Blade. The patented Enveloped Lever Safety™ transforms the entire trigger face into the safety. No blade. No compromise. Just a solid, consistent trigger you can trust.

ACE Trigger System for Glock Safety Instruction Guide

Introduction

Thank you for choosing the TriggerTech ACE Glock Adjustable Trigger System. This guide provides essential safety instructions and guidelines to ensure the safe installation and use of this product. Please read this guide carefully before using the ACE Trigger System.

General Safety Guidelines

- Ensure the product is suitable for your specific Glock model (Gen 15 standardframe Glocks in 9mm and .40 S&W).
- Always follow local laws and regulations regarding firearm modifications.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for signs of wear or damage to the trigger system.
- Report any unsafe product experiences or accidents to local authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Installation Precautions:

- Only install the trigger system if you have a basic understanding of firearm mechanics.
- Ensure your firearm is unloaded before beginning installation.
- Wear appropriate safety gear, including eye protection, during installation.

• Usage Precautions:

- Always treat your firearm as if it is loaded.
- Perform regular maintenance checks to ensure the trigger system functions correctly.
- Avoid using the firearm in conditions that could compromise safety, such as adverse weather or when under the influence of substances.

• Warnings:

- Not compatible with Slimline models (G36, G42, G43, G48).
- Gen 5 models require a small frame tab to be removed; refer to installation instructions for details.

Instructions for Installation and Usage

1. Gather Necessary Tools:

- Screwdriver set
- Allen wrench (included)
- Safety gear (eye protection)

2. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the slide and frame of your Glock according to the manufacturer's instructions.
- Follow the specific steps outlined in the TriggerTech installation manual to replace the existing trigger with the ACE Trigger System.

- Adjust the pull weight using the CLKR screw as per your preference (2.5 to 6.0 lbs).
- Test the trigger system for proper functionality before reassembling the firearm.

3. PostInstallation Check:

- After installation, perform a function check to ensure the trigger operates correctly.
- Ensure there is no grit or drag during the trigger pull.
- Confirm that the Enveloped Lever Safety™ is functioning as intended.

4. Usage Guidelines:

- Familiarize yourself with the trigger's feel and responsiveness before using the firearm in a live setting.
- Practice safe handling and operation of your firearm at all times.

Disposal Instructions

- Dispose of the ACE Trigger System in accordance with local regulations for electronic and firearm components.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the ACE Trigger System, please reach out to your local dealer or manufacturer's contact point in the EU.

Thank you for prioritizing safety and responsible firearm ownership. Enjoy your enhanced shooting experience with the TriggerTech ACE Glock Adjustable Trigger System.
