

U-Plate- w/Locking RIGHT WHT

[Shooting Accessories](#) > [Duty Gear](#)

The U-Plate LOCKING is a replacement part designed for maximum versatility and strength. It features a small adjustable tension locking lever that securely fastens the post, making it fully compatible with any component in the Lock or Grip On family.

Engineered for flexibility, the U-Plate LOCKING attaches using four small bolts, allowing it to be mounted in four different orientations — so you can position your gear exactly how you need it.

UPlate LOCKING Safety Instructions

Introduction

Thank you for choosing the UPlate LOCKING, a versatile and robust replacement part designed for your needs. This guide provides important safety instructions to ensure safe usage and installation of the UPlate LOCKING. Please read through this document carefully before use.

General Safety Guidelines

- Ensure that the UPlate LOCKING is used in accordance with the manufacturer's instructions.
- Regularly inspect the UPlate LOCKING for any signs of wear or damage.
- Keep the UPlate LOCKING out of reach of children and vulnerable individuals to prevent accidents.
- Only use the UPlate LOCKING with compatible components from the Lock or Grip On family.
- If you notice any unusual behavior or functionality, cease use immediately and consult the manufacturer.

Specific Safety Precautions for Use

• Installation Precautions:

- Always use the four small bolts provided for installation to ensure secure attachment.
- Ensure that the locking lever is fully engaged before use to prevent accidental release.

• Usage Precautions:

- Do not exceed the weight limit specified by the manufacturer for the UPlate LOCKING.
- Avoid placing excessive strain on the locking mechanism.
- Regularly check that the locking lever remains in working condition and is not obstructed.

• Environmental Precautions:

- Use the UPlate LOCKING in suitable environments to avoid exposure to extreme temperatures or moisture.
- Ensure that the installation area is free of debris and obstacles.

Instructions for Installation and Usage

1. Installation:

- Gather all necessary tools, including a wrench for the bolts.
- Identify the desired mounting orientation based on your equipment needs.
- Align the UPlate LOCKING with the mounting surface.
- Secure the UPlate LOCKING using the four small bolts, ensuring they are tightened adequately.
- Test the stability of the UPlate LOCKING by gently applying pressure before full use.

2. Usage:

- To secure the post, engage the adjustable tension locking lever.
- Adjust the position of your gear as needed, ensuring it is firmly in place.
- Regularly check the locking mechanism before each use to ensure it is functioning correctly.

3. Maintenance:

- Periodically inspect the UPlate LOCKING for any signs of wear and tear.

- Clean the UPlate LOCKING with a dry cloth to remove dust and debris.
- If any parts are damaged or missing, replace them immediately to maintain safety.

Disposal Instructions

- Dispose of the UPlate LOCKING in accordance with local regulations for electronic waste.
- Recycle packaging materials where possible to minimize environmental impact.
- Ensure that any components that could pose a risk to children or animals are disposed of safely.

Contact Information for Further Support

For any inquiries or concerns regarding the UPlate LOCKING, please contact the manufacturer directly. Ensure you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with the UPlate LOCKING. Thank you for your attention to these important guidelines.
