

## U-Plate- w/Locking RIGHT BLK

[Shooting Accessories](#) > [Duty Gear](#)

The U-Plate LOCKING is a replacement part designed for maximum versatility and strength. It features a small adjustable tension locking lever that securely fastens the post, making it fully compatible with any component in the Lock or Grip On family.

Engineered for flexibility, the U-Plate LOCKING attaches using four small bolts, allowing it to be mounted in four different orientations — so you can position your gear exactly how you need it.

# UPlate LOCKING Safety Instruction Guide

## Introduction

Thank you for choosing the UPlate LOCKING, a versatile and strong replacement part designed for use with the Lock or Grip On family of components. This guide provides essential safety instructions, installation guidelines, and disposal instructions to ensure safe and effective use of the product.

## General Safety Guidelines

To ensure your safety and the longevity of the UPlate LOCKING, please follow these general safety guidelines:

- Always read the instructions carefully before use.
- Ensure that the UPlate LOCKING is installed correctly to avoid accidents.
- Regularly inspect the UPlate LOCKING for any signs of wear or damage.
- Keep the UPlate LOCKING out of reach of children to prevent misuse or accidents.
- Do not use the UPlate LOCKING for any purpose other than intended.
- If you notice any malfunction or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

When using the UPlate LOCKING, please observe the following safety precautions:

- Ensure that the locking lever is securely fastened before use.
- Do not exceed the recommended weight limit for the components used with the UPlate LOCKING.
- Avoid using the UPlate LOCKING in extreme weather conditions that may affect its performance.
- Use appropriate tools when installing the UPlate LOCKING to prevent injury.
- Be cautious of sharp edges during installation and use.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the UPlate LOCKING:

### 1. Preparation:

- Gather all necessary tools, including a wrench and screwdriver.
- Ensure you have a clean workspace free from clutter.

### 2. Installation:

- Position the UPlate LOCKING in the desired orientation.
- Align the mounting holes with the corresponding component.
- Secure the UPlate LOCKING using the four small bolts provided.
- Tighten the bolts firmly, but do not overtighten to avoid damage.

### 3. Locking Mechanism:

- Adjust the tension locking lever to secure the post.
- Ensure that the lever is fully engaged before using the equipment.

### 4. Usage:

- Verify that the UPlate LOCKING is securely mounted before attaching any additional components.
- Regularly check the locking mechanism during use to ensure it remains secure.

## **Disposal Instructions**

When it is time to dispose of the UPlate LOCKING, please follow these guidelines:

- Dispose of the UPlate LOCKING in accordance with local regulations for plastic and metal waste.
- Do not dispose of the UPlate LOCKING in regular household waste.
- If the UPlate LOCKING is damaged beyond repair, consider recycling the materials if possible.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the UPlate LOCKING, please refer to the contact information provided on the product packaging or visit the official website of the manufacturer.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
