

U-Plate- w/Locking LEFT WHT

[Shooting Accessories](#) > [Duty Gear](#)

The U-Plate LOCKING is a replacement part designed for maximum versatility and strength. It features a small adjustable tension locking lever that securely fastens the post, making it fully compatible with any component in the Lock or Grip On family.

Engineered for flexibility, the U-Plate LOCKING attaches using four small bolts, allowing it to be mounted in four different orientations — so you can position your gear exactly how you need it.

UPlate LOCKING Safety Instructions

Introduction

Thank you for choosing the UPlate LOCKING. This product is designed to provide maximum versatility and strength for your gear. Please read this safety instruction guide carefully to ensure safe and effective use of the UPlate LOCKING. Your safety is our priority.

General Safety Guidelines

- Always ensure the UPlate LOCKING is installed correctly before use.
- Regularly inspect the UPlate LOCKING for any signs of wear or damage.
- Do not exceed the maximum load capacity specified by the manufacturer.
- Keep the UPlate LOCKING out of reach of children to prevent accidents.
- In case of any malfunction or damage, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- Ensure that the adjustable tension locking lever is securely fastened before use.
- Avoid placing fingers or body parts near the locking mechanism during adjustment.
- Do not modify or alter the UPlate LOCKING in any way, as this may compromise safety.
- Use only the recommended bolts for installation to ensure stability.
- Do not use the UPlate LOCKING for purposes other than its intended use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a wrench and the provided bolts.
- Ensure the installation area is clean and free from debris.

2. Installation Steps

- Identify the desired orientation for mounting the UPlate LOCKING.
- Position the UPlate LOCKING on the mounting surface.
- Align the holes of the UPlate LOCKING with the corresponding holes on the mounting surface.
- Secure the UPlate LOCKING using the four small bolts provided.
- Tighten the bolts evenly to ensure a secure fit.

3. Adjusting the Tension Locking Lever

- Once installed, adjust the tension using the locking lever.
- Ensure the lever is fully engaged to secure the post.

4. Final Checks

- Doublecheck all bolts and the locking mechanism before use.
- Test the stability of the UPlate LOCKING by applying gradual pressure.

Disposal Instructions

- Dispose of the UPlate LOCKING and its packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible.

Contact Information for Further Support

For safety inquiries or further support, please refer to the manufacturer's contact details provided with your product packaging or visit the manufacturer's website. Always ensure you have the latest information regarding product safety and recalls.

By following these guidelines, you will ensure the safe use of your UPlate LOCKING. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
