

# **U-Plate- w/Locking LEFT BLK**

[Shooting Accessories](#) > [Duty Gear](#)

The U-Plate LOCKING is a replacement part designed for maximum versatility and strength. It features a small adjustable tension locking lever that securely fastens the post, making it fully compatible with any component in the Lock or Grip On family.

Engineered for flexibility, the U-Plate LOCKING attaches using four small bolts, allowing it to be mounted in four different orientations — so you can position your gear exactly how you need it.

# UPlate LOCKING Safety Instruction Guide

## Introduction

Thank you for choosing the UPlate LOCKING. This product is designed for maximum versatility and strength, allowing you to securely fasten your gear with ease. Please read this safety instruction guide carefully to ensure safe usage and installation.

## General Safety Guidelines

- Ensure that the UPlate LOCKING is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage or wear before use.
- Keep the UPlate LOCKING out of reach of children and vulnerable individuals.
- Do not modify or alter the UPlate LOCKING in any way.
- Use only compatible components from the Lock or Grip On family to ensure safe operation.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always ensure that the locking lever is securely fastened before use.
- Do not exceed the recommended weight limit of the UPlate LOCKING.
- Avoid placing the UPlate LOCKING in environments with extreme temperatures or moisture.
- Ensure that all four bolts are properly tightened to prevent accidents.
- If using the UPlate LOCKING in a highrisk environment, consider additional safety measures.

## Instructions for Installation and Usage

### 1. Installation:

- Gather the necessary tools: a screwdriver and the four small bolts provided.
- Choose the desired orientation for mounting the UPlate LOCKING.
- Align the UPlate LOCKING with the mounting surface.
- Secure the UPlate LOCKING by inserting and tightening the four small bolts.
- Ensure that the locking lever is in the unlocked position during installation.

### 2. Usage:

- Once installed, adjust the tension on the locking lever to secure the post.
- Ensure that the locking lever clicks into place, indicating that it is locked.
- Regularly check the tightness of the bolts and the functionality of the locking mechanism.
- If you need to reposition the UPlate LOCKING, repeat the installation steps.

## Disposal Instructions

- Dispose of the UPlate LOCKING in accordance with local regulations.
- Do not dispose of the product in general waste.
- Consider recycling components where possible to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the UPlate LOCKING, please refer to the manufacturer's contact point for assistance.

By following these guidelines, you can ensure the safe and effective use of the UPlate LOCKING. Thank you for

your attention to safety.
