Safety Instruction Guide for REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY

Introduction

Thank you for choosing the REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY. This guide provides important safety information, usage instructions, and disposal guidelines to ensure a safe and effective experience with your trigger system. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the trigger system is installed by a qualified gunsmith or experienced individual.
- Always handle firearms with care and respect, following all safety protocols.
- Keep the firearm unloaded until ready to use.
- Store the firearm and trigger system in a secure location, away from children and unauthorized users.
- Regularly inspect the trigger system for signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- The first stage of the trigger is set to 1 lb / 454 g and is not adjustable. Avoid applying excessive force during the takeup phase.
- The second stage of the trigger is adjustable from 1.5 lb / 681 g to 3 lb / 1,362 g. Adjust the second stage only when the firearm is unloaded and in a safe environment.
- Ensure that the firearm is pointed in a safe direction at all times when adjusting the trigger.
- Be aware of your surroundings and ensure that no one is in line with the firearm when testing the trigger.
- Only use the trigger system with compatible Remington Model 700 firearms.

Instructions for Installation and Usage

1. Installation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger mechanism according to the manufacturer's instructions.
- Install the REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY by following the specific installation instructions provided with the product.
- Confirm that the trigger is securely attached and functions properly before use.

2. Usage

- To engage the first stage, apply light pressure until you feel resistance at 1 lb / 454 g.
- For the second stage, apply additional pressure to reach the adjustable break point, which can be set between 1.5 lb / 681 g and 3 lb / 1,362 g.
- After adjustment, test the trigger in a safe environment to ensure it operates as desired.

Disposal Instructions

- When disposing of the REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY, ensure that it is done in accordance with local regulations.
- Do not dispose of the trigger system in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of firearm components.

Contact Information for Further Support

For any questions or concerns regarding the REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY, please refer to the manufacturer's website or contact them directly for assistance.

By following these guidelines, you can help ensure a safe and enjoyable experience with your REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY. Always prioritize safety and responsible firearm handling.
